

## A note home to say...

### Recycle Used stamps for RNIB

The Eco/Waste Council is collecting used stamps this December for the RNIB (Royal National Institute for the Blind). The used stamps are sold to raise money for the condition Macular Degeneration which affects the eyesight of many elderly people.

The actress, Dame Judi Dench is supporting this year's used stamp appeal as she herself suffers from this condition.

Please help our Eco/Waste Council raise some money for RNIB by tearing your stamps off your envelopes, leaving at least  $\frac{1}{2}$  centimetre of envelope around your stamp to prevent damage. Send your used stamps in to school with your child. Your help is greatly appreciated.
