

## PASSPORT TO SUCCESS

*Something to help you understand Dewey Numbers*

Need help with your homework? The first group starting at **000** can help you. It includes **General Works** such as encyclopaedias, dictionaries, handbooks, etc. Other subjects covered here also include Computing and Journalism.

Feel like doing some serious thinking? The 100's contain books on subjects like **Philosophy**, **Psychology** and **Information**. Interested in the supernatural? - This is where you could find books about it.

**200** is the starting point for books on **Religion**. All Religions are covered in this group, as are **Beliefs** and **Mythologies**.

Need to know about people? **300** is the **Social Sciences**. These are things like **Politics**, **Law**, **Education**, **Transport**. In other words books which deal with everyday life and the community.

Language books are grouped together from **400**. You will find books on learning French and German here as well as other languages.

**500 Pure Science** Science includes books about Mathematics, Physics, Chemistry, Biology and books about the earth, plants and animals.

**600 Technology or Applied Science** covers things like Medicine, Manufacturing, Building, Business and Cookery. Look here to find car maintenance, baking or farming.

Want to relax and have some fun, draw, paint, play music or play football? **700 is The Arts.** This is where books on Sport and Recreation are grouped.

With the thought of all these books you might want to read. The **800 group is Literature.** Fancy a bit of poetry, essays, plays or even Shakespeare then come to this group.

Finally, the last group starting at **900** contains books on **Geography and History.** Think of it as 'the rest of the world'. Find out about the past, or how people lived.
