

S1 Perth Museum & Gallery Exhibition of work.

A small group of S1 pupils were invited to attend Perth Museum & Gallery last month for the opening of a Glass exhibition that exhibited BHS S1 glass work. Selected pupils took part in a glass workshop last term at the gallery where they each made a glass tile that formed one piece of a large landscape light box outcome.

After viewing the exhibition of works from other schools, everyone was then treated to a show where international artists used glass as their instruments to perform. Artist Carrie Fertig and musicians Rick Bamford and Stuart Brown put on an interesting show that left pupils inspired and keen to go back. This was an exciting way to end the day which everyone enjoyed. The complimentary cupcakes were an added bonus to the trip!

Here is what some of the pupils had to say about the experience:

"The performance was really cool and something I had never seen before. It was really exciting to see glass being used as an instrument as I didn't know you could use it in that kind of way."

"It was really good fun and a memorable experience and I'd love to go back."

"I am proud to have my work in the museum. "
