School Computers Upgraded

Every computer in the school has been upgraded to run Windows 7 and use Microsoft Office 2010. This means the computing experience for all children will be consistent throughout the school. The security on our computers and servers has also increased, making computer use in school safer for all children.

As a result of the upgrade our email address has changed to:

errol@pkc.gov.uk

Staff Changes

Mrs Reed, Miss Graf, Mr Mann and Mrs Sheldon all left us at Christmas time (Mrs Sheldon will still work for us from time to time). We welcome Mrs McBride as our Reduction in Class Contact Time teacher, working in all classes; Mr Cumming as our new janitor; Mrs Ferguson as our new cleaner; and will soon welcome Miss Annand as our new P3/4 teacher once she has worked off her notice in her current job.

Changing Rooms

Looks like we have another bumper crop of P1s joining us next year! To make space to fit them all in we're changing our library into a classroom. We'll kit it out with brand new furniture and computers and plan to put next session's senior class in there. The library will still function as it currently does except it will be in the foyer. This will let us increase our maximum school roll.
