

play together

At home, I sometimes play with my sister.

share toys

My sister may like the same toy as me. I should try to remember to share my toys with my sister.

turn

When I play with my sister, we both need to take turns. Sometimes my sister will go first with her turn and sometimes I will get to go first with a turn. If I want a turn, I could ask my sister nicely "Can I have a turn please?".

share

proud

happy

It makes my sister happy when I share my toys with her. When we share and take turns, we have a good time.
