

Going to the Dentist

It's my turn to visit the dentist.

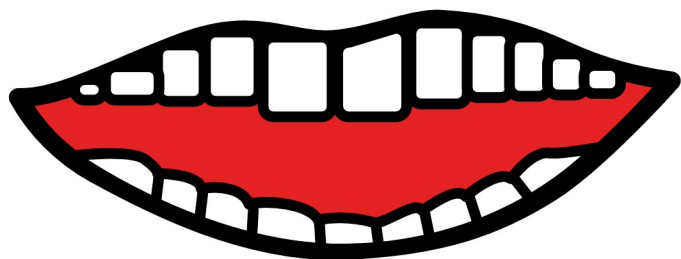

visit

dentist

A dentist is a doctor who makes sure my
teeth are healthy.

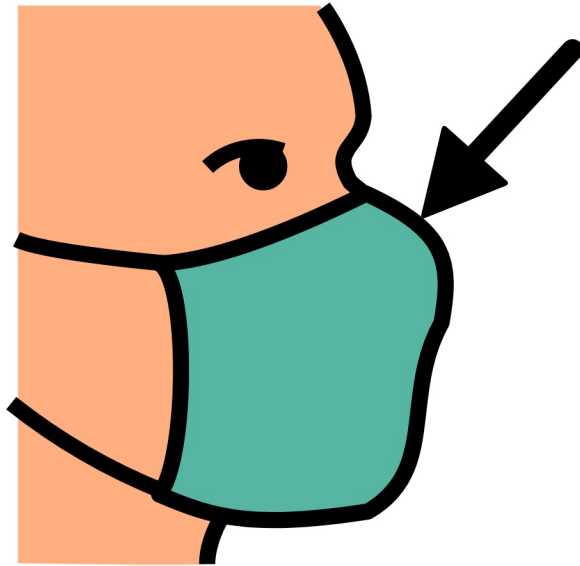

teeth

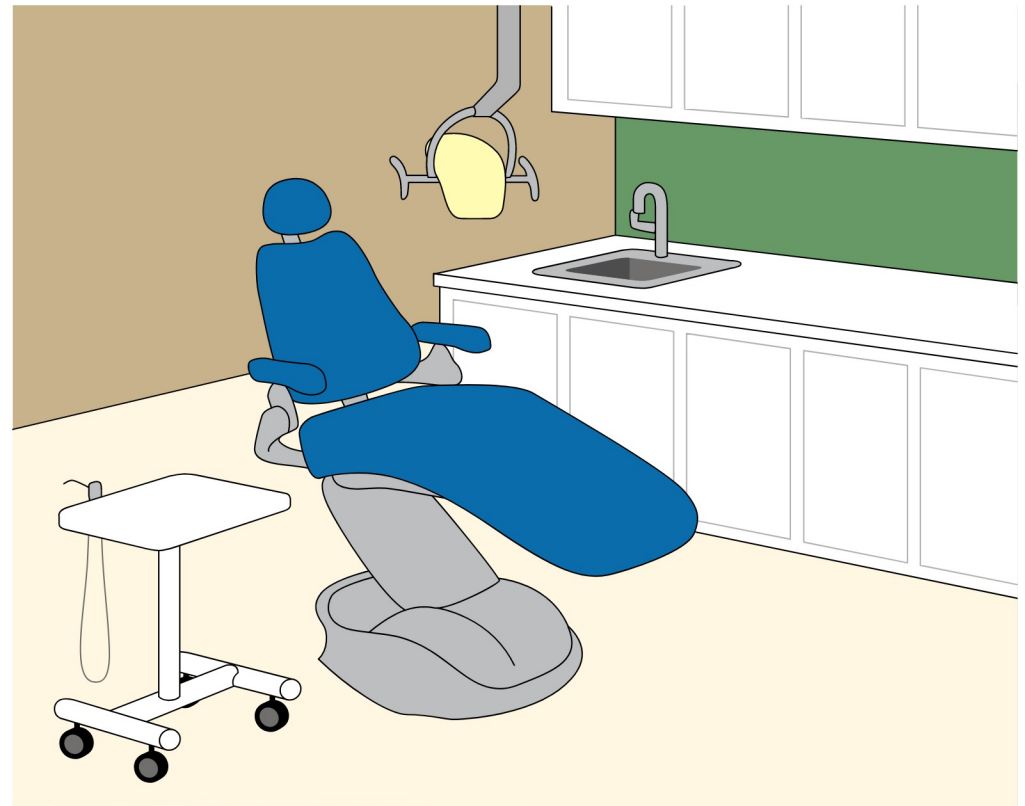

dentist

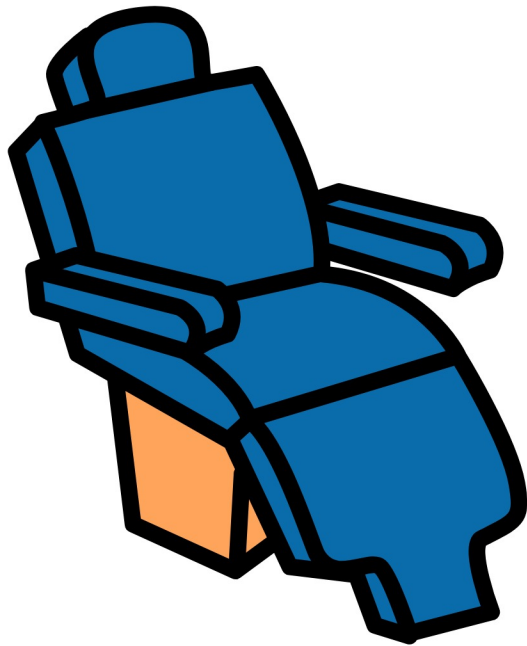

When we get to the dentist, first we wait in the waiting room.
I wait for my name to be called. People in the dentist will be
wearing a mask, this is OK.

face mask

dentist office

dentist chair

When my name is called we will walk to a very special chair. When I sit in the chair the dentist will press a button that makes it recline.

bib

The dentist has a helper called a dental nurse. The nurse will put a bib on me to help keep my top clean.

light

The dentist will turn on a bright light. If I do not like the light, I can close my eyes.

The dentist will ask me to open wide and I will open my mouth. The dentist will use a little mirror to look in my mouth.

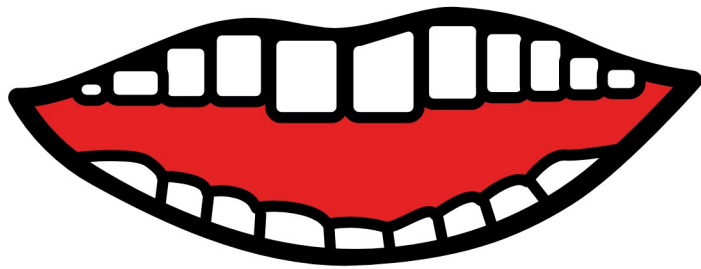

dental mirror

open mouth

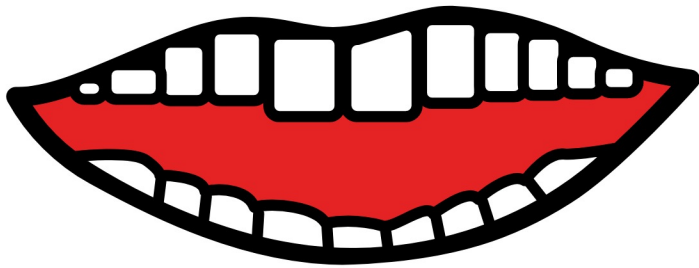

The dentist will use a special tool to look in mouth. The dentist might count my teeth.

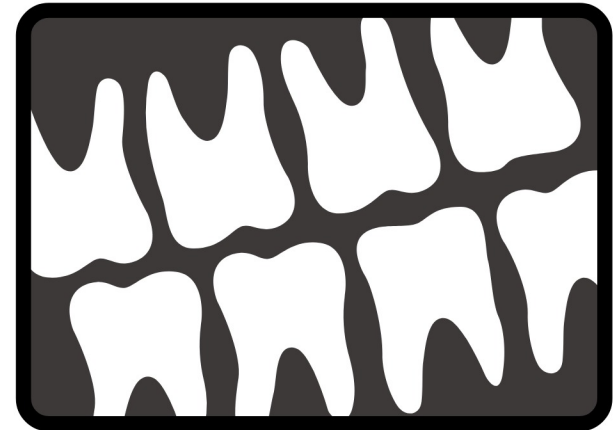

teeth

Sometimes, the dentist needs to take pictures of my teeth.
This is called a x-ray.

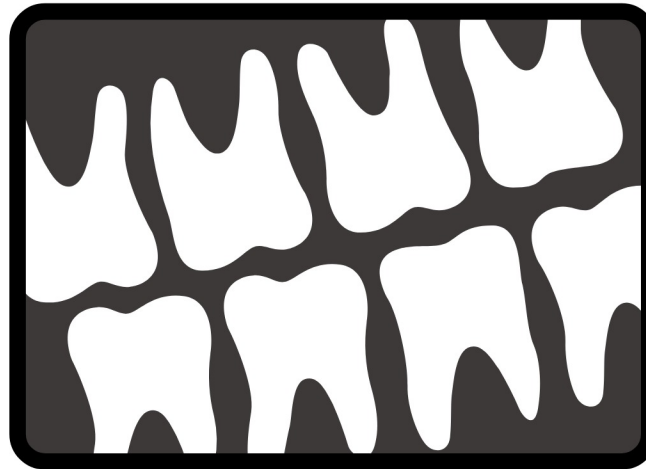

teeth

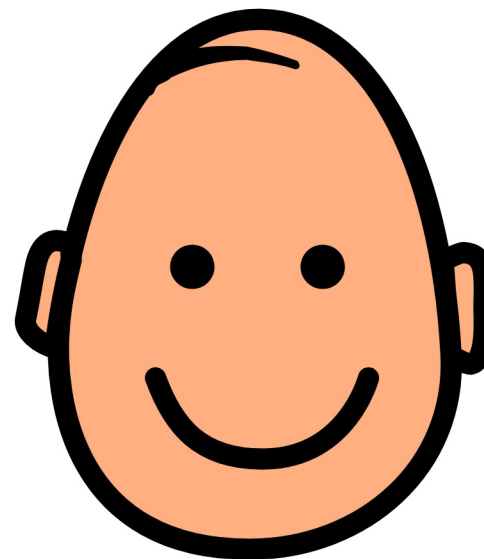

dental x-ray

The dentist will put a special camera in my mouth and ask me to bite on it. 1, 2,3 and it's finished! It will be good fun to see the picture of my teeth!

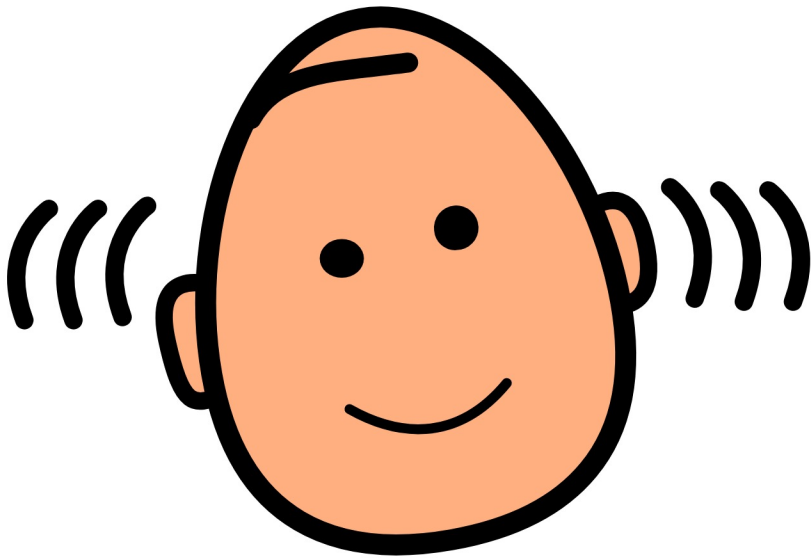

tooth x-ray

Sometimes the dentist will use tools that make a noise. This is OK.

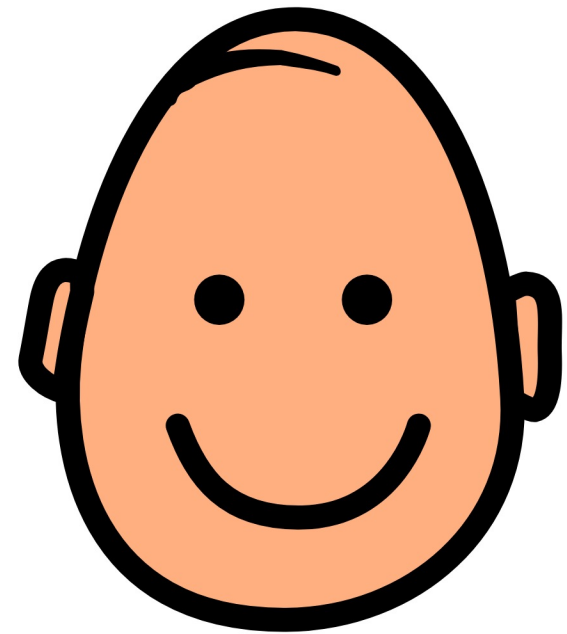

OK

Sometimes, the dentist will use tools that make my mouth shake.
This is OK.

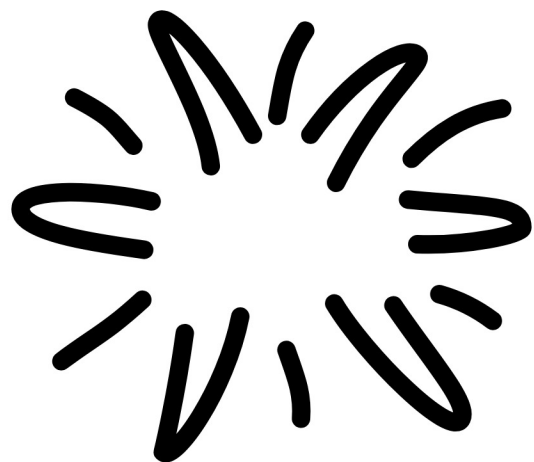

mouth shake

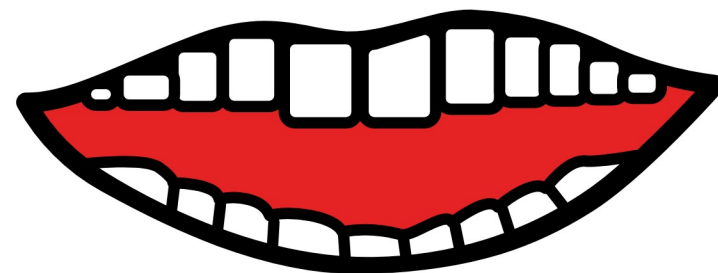

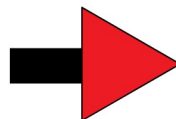

OK

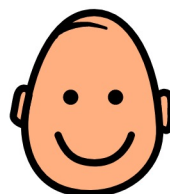

Sometimes, the dentist blows air on my teeth. This is OK!

blow

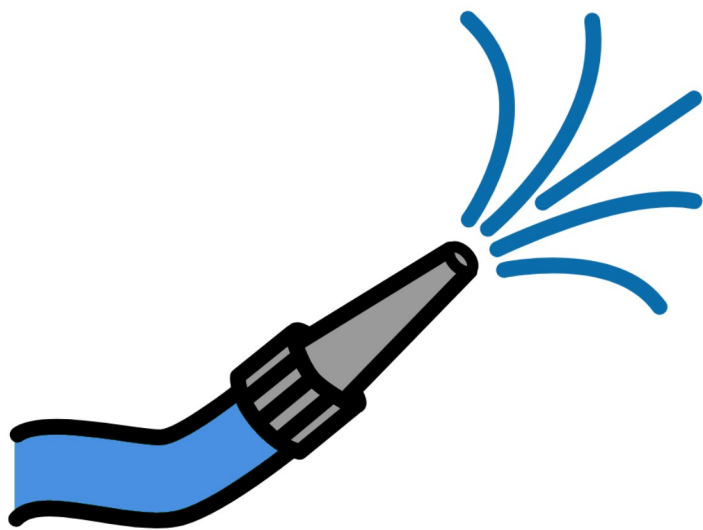

teeth

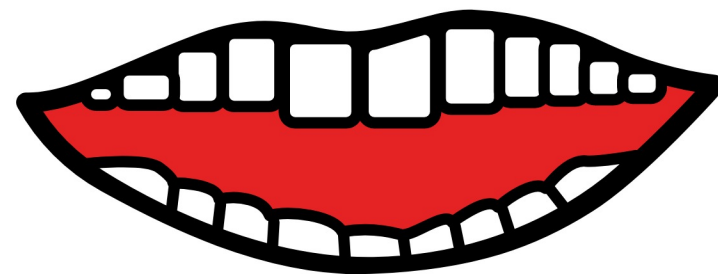

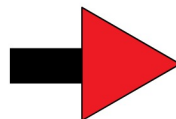

OK

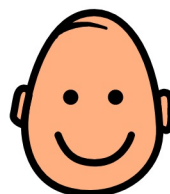

Sometimes, the dentist will squirt water on my teeth. This is OK!

squirt

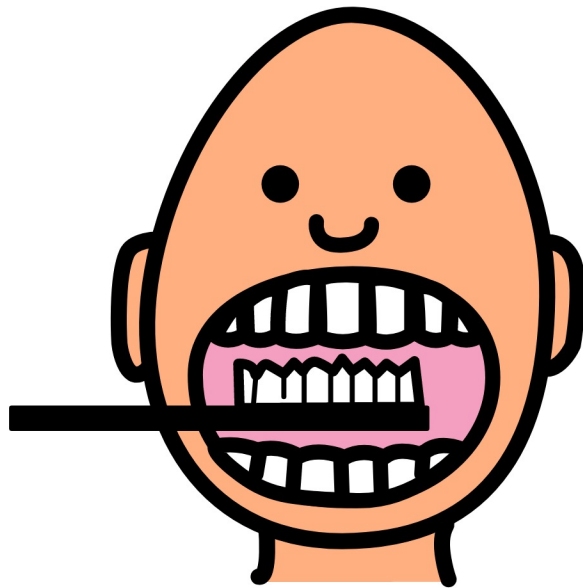

teeth

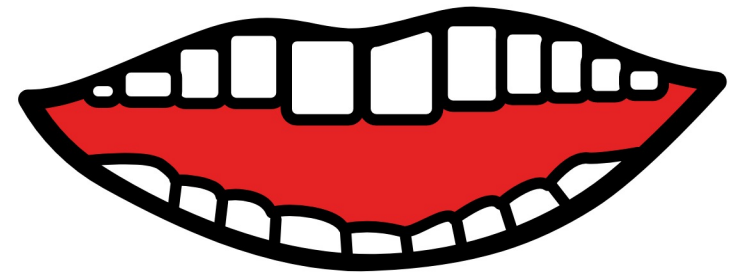

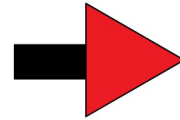

OK

The dentist helps to keep my teeth healthy. I can help by brushing my teeth twice a day.
