

CLASS NEWS

August 2012

Primary 1/2 are investigating 'People who help us'. They have started by finding out about all the jobs people do in school. Next they have lots of questions about the Emergency Services.

P3/4 have special visitors in class - 'name aliens'! Now the children have the difficult job of keeping them safe here on planet Earth. Are they up to the job?

P5/6/7 have made a great start to their new topic with their study questions already displayed in class. Make sure you have a look when you are in on our 'Meet the teacher' evening. The children are also taking their buddy responsibilities very seriously and have been a great help settling the infant class.

Primary 1 are with us for full days now. Where did the first few weeks go? They have even been in to sample the school lunches with Ms Lyttle.

The new pupil council is in the process of being elected. One representative from each class will be voted in by their peers and will attend meetings with Mrs Duffy. These meetings will include taking forward the pupil self-evaluation from last year and forming the 'Playground Charter' as part of our Rights Respecting School Award.

This year we are working with Kelly from Sustrans to become an i-Bike school. We have planned a number of cycling activities throughout the year so get those bikes serviced!
