Dear Parents/ Carers,

The stormy season is upon us and we are making the most of the snow, ice, wind and rain for learning and fun at playtimes. Pupils are enjoying more than the parents and teachers I guess!

We are looking at trying to streamline the information that we give out to you all. We have recently updated the web page and the pupils continue to Tweet.. We would like to ensure that we are not duplicating information or giving out information every month that can easily be put up constantly for parents to see. In this age of social media we are now going to use the web page and Twitter to share pupils learning, photos and exciting events in the school day. There is a twitter feed on the webpage for you to see daily.. The class blog will reflect on the learning that the children have been engaged with and the link to the school hand book will give you general information about expectations and the school curriculum. From now on this paper newsletter will only provide information on upcoming events and dates for your diary.

Please look at the web page to see the information that we are giving. This is a work in progress and your feedback would be very much appreciated. There may be specific things you would like to see or know about- please let us know. <https://blogs.glowscotland.org.uk/pk/GrandtullyPrimary/>

ICE! Please be very careful when

coming into school on icy mornings as the car park and the tarmac can be very slippery .We have put a bucket of salt at the fence where the carpark meets the drive for your use if it is icy underfoot. Please use as you need and our janitor will re fill once a week in the winter period.

The children love being outside at break times but please ensure your child is suitably clothed. In this weather a hat, gloves and warm footwear along with a warm, waterproof coat are essentials! If the children are warm and dry they have great fun...

Inset Day

The school will be closed to pupils on Wednesday 17th February.
