### Digital Learning Safety Rules & Expectations

Dear Parents/Carers,

Please read through our 'School Digital Learning Safety Rules & Expectations' outlined below prior to pupil participation in 'live' lesson opportunities with their Class Teacher. By allowing your child to participate in the 'live' lessons, we will assume your agreement to the following:

- An adult should remain in the room with pupils during the length of the 'live' interaction to provide help/support to pupil should it be required.
- Pupils should take part in the 'live' lesson in a shared space within their home, such as a Kitchen or Living Room. Please try to provide a quiet space to allow pupils to hear and engage in lesson.
- Pupils and Adults should be fully dressed in appropriate day clothing i.e. not pyjamas.
- Pupils and Adults should use appropriate language at all times, during the 'live' lesson.
- It is encouraged that you make use of the background filter feature on Microsoft Teams prior to entering the session to give added privacy.
- Please ensure pupils mics are muted unless instructed otherwise.
