18 August 2021

Dear Parent/Carer

Return of Pupils from Wednesday 18 August 2021

I hope you and your family have enjoyed the Summer break. We are looking forward to the Term ahead and as we prepare to welcome back pupils, I would like to update you on some important information.

Following the First Minister's latest briefing on 3 August 2021, it has been agreed that with the updated Scottish Government guidance, many of the COVID-19 measures in place at the end of term in June will remain in place for a period of at least six weeks. This is to enable monitoring of the impact of the return to school on COVID-19 case numbers.

Measures remaining in place until the October holidays will include:

- Physical distancing of at least one metre between all staff, and between staff & pupils.
- Face coverings to be worn by all staff and young people aged 12 and over.
- Enhanced cleaning, ventilation and hygiene measures.
- Direct access to classrooms via Fire Exit doors.
- Nursery children will continue to be welcomed at the nursery gate.
- Staggered start to the school day. 8.55 am to 9.10 am
- End of day bell for P1, P1/2, P2/3 & P3 at 3.05pm. P4&P5 at 3.05pm and P6 & P7 at 3.10pm
- Class teachers will send a welcome video via Seesaw today or tomorrow which will show children which door to use and staff will be available outside to help direct parents at the start and end of the school day.

Honesty Ambition Respect Kindness

There are changes to other measures which are to be put in place as soon as possible, including:

- Removing the requirement to maintain groups or 'bubbles' in schools.
- On dedicated school transport only adults and young people aged 12 and over should wear a face covering.
- Changes to the arrangements for self-isolation and contact tracing.

Self-isolation, contact tracing and testing

- If your child tests positive for COVID-19, or if they display symptoms, then they should isolate as previously advised.
- If your child is identified as a close contact of someone who has tested positive, you should arrange a COVID-19 test for them as soon as possible and not wait for any symptoms.
- Self-isolation requirements (including contact tracing and testing) are being updated in line with the changes to self-isolation for the wider community. This will mean that if your child is aged 5 or over, and is identified as a close contact, then, whilst they will initially be asked to self-isolate, they can return to school if they subsequently receive a negative PCR test result and remain symptom free.
- If your child is under 5 years of age, then they do not need to isolate as long as they remain symptom free.
- The revised approach to contact tracing means that groupings of pupils (or 'bubbles') are no longer required and will be removed as soon as possible.

Face Coverings/Physical Distancing

- Primary pupils no longer require to wear face coverings on school transport.
- All staff are still required to wear face coverings and physically distance from pupils and other adults in school.
- Your continued support in wearing a mask and maintaining physical distancing at collection and drop off is appreciated.

Young People Living with someone in the Highest Risk Group

- Children and young people who live with a person who is at highest risk should now attend school from Wednesday 18 August 2021. All children and young people attending school should comply with the arrangements for the reduction of risks of transmission of the virus within schools, such as hand hygiene.

School Meal Service

- Currently due to ventilation restrictions, we will continue to operate a classroom based bagged meal service for the first few weeks of school. This will mean the existing 2 choice menu will remain in place while we plan for the return to a dining centre based service over the next few weeks.

Drama, Music, PE and Dance

Honesty Ambition Respect Kindness

- Restrictions on Drama, Music, PE and Dance have now been removed and further information on how and when these will return in school will be provided in due course. It continues to be the case that external/community halls are not to be used by schools at this time.

-

School Visitors

- There is provision, in individual cases, for parents to visit school premises to support their child. This will only be where this has been **agreed in advance with the Headteacher** and each request will be subject to a risk assessment. Any visitors are expected to comply with our arrangements for managing and minimising risk (including physical distancing, hand hygiene and use of face coverings).

External Support

- Support provided from other Services/Organisations can resume in school where necessary, however, provision of the support will continue remotely via virtual means where appropriate.

Ventilation

- Ventilation is one of the key mitigations in minimising risk and, as we move towards colder weather, you are asked to ensure your child is dressed appropriately to take account of changing temperatures within the school building. Perth and Kinross Council is undertaking assessment of ventilation throughout schools, including using CO2 monitors.

-

Continuing to Manage and Minimise Risk

- Current measures, such as hand hygiene will continue.–

Whilst the changes to restrictions are very welcome, I would stress the importance of following all measures we have in place within the school to ensure the safety of pupils and school staff. I would appreciate your assistance in reinforcing the importance of this message with your child.

We will continue to monitor any further announcements by the First Minister and will keep you updated if there are any further changes affecting your child's education. Perth and Kinross Council updates information for parents/carers on its website www.pkc.gov.uk/coronavirus/schools and also its Facebook and Twitter sites.

I understand that you or your child may have ongoing concerns about their return to school with the changes in restrictions, but I would wish to reassure you that as well as their education, their health and wellbeing is very important to our staff, and we will continue to support all pupils to attend school safely.

Honesty Ambition Respect Kindness

I would like to thank you for continuing to support the school and your child's education during these times. If you require any further information please contact us via dunbarney@pkc.gov.uk.

I look forward to welcoming all pupils back to school on Wednesday 18 August 2021.

Yours faithfully

Mary Paterson
