Curriculum for Excellence

Relationships, Sexual Health and Parenthood

Parent Information EARLY LEVEL

Relationships, Sexual Health and Parenthood

What is the purpose of Relationships, Sexual Health and Parenthood Education?

As children grow and develop it is important that they have an opportunity to:

understand how to maintain positive relationships with a variety of people;

explore how thoughts, feelings, attitudes, values and beliefs can influence decisions about relationships;

develop their understanding of the complex roles of being a parent/carer;

learn ways in which to keep themselves safe and know where to access help and information.

What will children and young people learn about in Relationships, Sexual Health and Parenthood Education?

Learning opportunities will be relevant and realistic, taking account of the stage of development and understanding of each child and young person.

Learning in Early Level includes:

I am aware of how friendships are formed and that likes, dislikes, special qualities and needs can influence relationships.

I understand positive things about friendships and relationships but when something worries or upsets me I know who I should talk to.

I know that there are people in our lives who care for and look after us and I am aware that people may be cared for by parents, carers or other adults.

I am aware of the need to respect personal space and boundaries and can recognise and respond appropriately to verbal and non-verbal communication.

I recognise that we have similarities and differences but are all unique.

I am aware of my growing body and I am learning the correct names for its different parts and how they work.

I am learning what I can do to look after my body and who can help me.

I am learning about respect for my body and what behaviour is right and wrong. I know who I should talk to if I am worried about this.

I am learning about where living things come from and about how they grow, develop and are nurtured.

I am able to show an awareness of the tasks required to look after a baby.
