

# **Bishopton Primary Anti-Litter Policy**

**The pupils and staff of Bishopton Primary School continue to maintain our high expectations of a litter free school. Litter can spoil the look of our school, it can be harmful to wildlife and is not good for the environment. We feel that it is the responsibility of everyone in the school to be sure that we retain a litter free zone.**

**To help us prevent litter around the school, Primary 3 & 4 coordinate our Litter Patrol. Their job is to:**

- Patrol the playground and cloakrooms at intervals and lunchtimes to check if anyone is dropping litter**
- Encourage people to use litter bins**
- Will give warnings to pupils who still drop litter**
- Will report to support staff if pupils still drop litter after being asked not to**
- Pick up litter which has not reached the bins**
- Lead by example by always putting litter straight into bins**

**Thank you for helping to keep our school a litter free and nice place that we can continue to be proud of.**

**Help us to achieve our next  
Green Flag!**
