

## **Bushes Council Meeting 23.3.21**

### **Agenda**

- Easter Fundraising
- School Crossing Patrol
- Playground Climbing Frame Repairs
- Other

### **Easter Fundraising**

- £370 raised so far for raffle with still a week to go.
- Spring windows poster will be out before holidays so that families can do this during the Easter break and winner chosen on return to school.

### **School Crossing Patrol**

- Craig has been in contact with the council re this and expecting a return yesterday. It has been advised that the area is less of a risk than other busy roads, so they have unable to transfer anyone. There has also not been a lollypop person at the top of Donaldswood Road since we returned.
- Council have advised that having a school crossing patrol not a guaranteed service and that parents are responsible for their own children to get to school safely. If we need to take this up further, we can contact the council directly.
- It was brought up that the yellow zig zag lines outside the entrance of the school are now very faint and we are seeing more people parking very close to the school gates. Craig will check who is responsible for this and get back to us.

## **Playground Maintenance**

- We discussed the email Craig sent re some of the quotes to fix the climbing frame area. At the moment, a few patch up repairs need to be completed due to trip hazard, but bigger decisions need to be made re the climbing frame area. Option to repair or replace and we agree that this needs the involvement of the wider Parent Forum as this will be a lot of money. We do not have the full funds needed and options to look at grants and potential to raise funds with the help of the school community.

### **Plans to move this decision forward;**

- Craig will email us all the quotes for consideration
- All parent council members have additional meeting to discuss further
- Agree a plan of who taking on what tasks
- Take the options to the Parent Forum for discussion and vote.

Next Meeting - tbc
