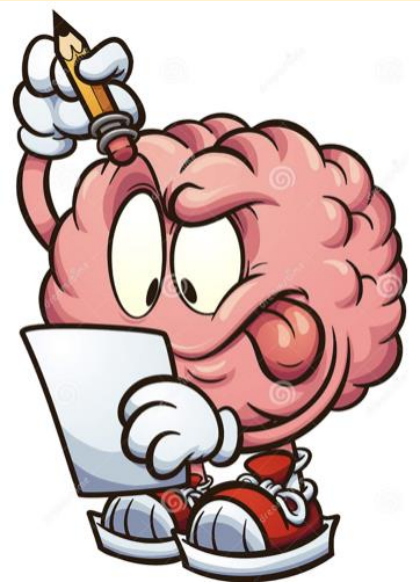
Design our school garden at Cochrane Castle! We need YOU!

- The teachers have been working hard on ideas to help us get more use out of our playground space when we get back to school.



- We want to see your ideas!
- What would you like to see in our outdoor space?

What would you like to see in our school outdoor space?!

- We are hoping to redesign the area at the back of the school

- Do you have any ideas on what you would like to see included in our outdoor space?

- Have you seen anything fun or exciting somewhere else that you think might work well in our school and help us have fun and learn?

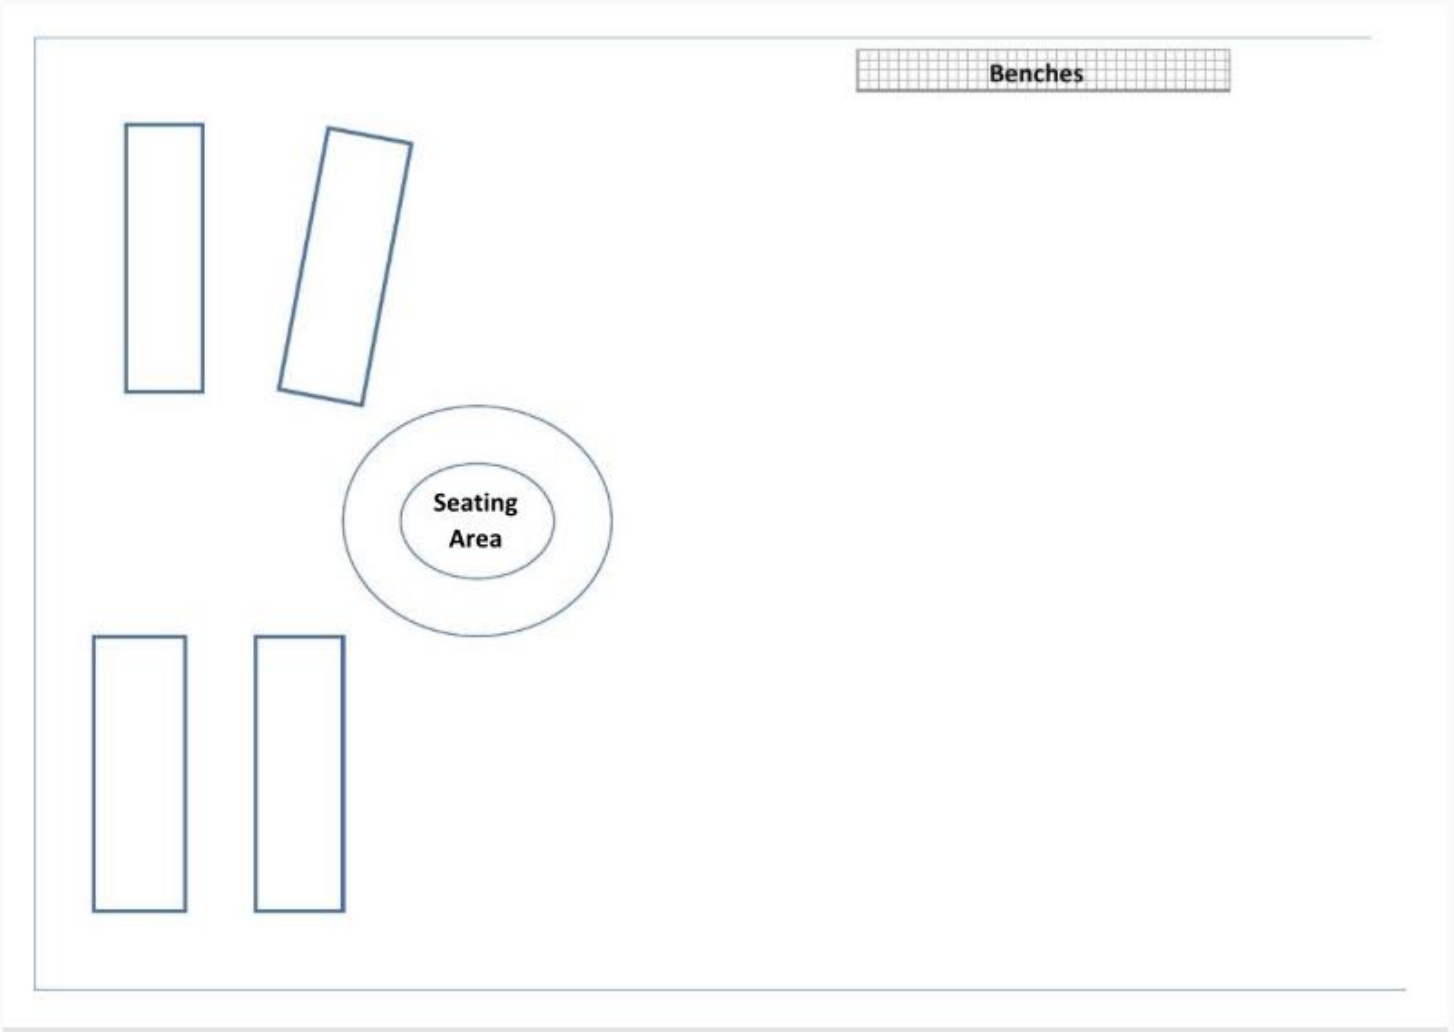
What do YOU think our garden should look like?

- Is there anything in particular you would like us to plant or grow?
- Can you think of any objects or materials we could re use again and recycle for our outdoor space?

Design a garden!

We are looking to redevelop our garden and outdoor classroom and we want to see all your ideas. We currently have an outdoor seating area and 2 mud kitchens which are going to be put in place…what else would you like to see? We want to see ALL your great ideas!

We have included a map of what our outdoor area looks like from above – the rest is up to you!



How do you think you could make the best use of our outdoor space?

Think of all the space we have, including the fences and the ground, what would you like to see here?
