

MARTY THE ROBOT

Brought to you by
ROBOTICAL

A fully-programmable, customisable, walking robot that's full of personality.

Join Us!

Robotical will lead a CLPL workshop on **Tuesday, 7th Sept at 3:45 pm** - more info closer to the time!

WHY MARTY?

-  **Instant Connection** - Marty is a humanoid robot with a big personality that creates an instant human connection!
-  **STEAM class in a box solution** - Marty comes with lesson plans that align to Curriculum for Excellence
-  **Good value for money** - Marty is the most affordable humanoid robot in education
-  **Integrates with other areas of learning** - Such as literacy, numeracy, and health & wellbeing
-  **Teacher confidence** - Training calls with our in-house experts included, so you can feel confident in using Marty straight out of the box
-  **Lots of flexibility in use** - Marty is best suited for P1-P7 with learning progression from screen-free coding, to Scratch Jr & Scratch

*Want to try
Marty for free?*

Robotical are loaning Marty for no-obligation, two-week trials. To book, go to:
Robotical.io/free-trial
