How to Guides

How to Guides

On top of offering CLPL, the Digital Learning Team have curated a number of materials to allow schools to get started with tools such as Office 365, Google WfE and Glow Blogs. In addition, there are a number of short "how to" videos on the Digital Learning YouTube Channel for a range of topics such as PicCollage, Chatterpix, Mathsbot and Wakelet. Where a CLPL session wasn't recorded, the following Wakelets were created to support staff.
