

## Delegated Admin Tools

Delegated administrators within Google have access to various device settings, the Alert Centre, accessibility settings and the ability to customise within Google.

We have information in Glow Connect about this found [here](#) and additional information via Google found [here](#).

We intend to work closer with Google Glow Tenant Administrators via a bespoke Microsoft Teams channel, so if you're a delegated administrator watch this space!

## Prepare for Jamboard to Wind Down

Milestone	Definition
Until 1 October '24	No change to function
Starting 1 October '24	Becomes 'view only' on all platforms.
After 31 December '24	Access to the Jamboard ends

[Click here for practical information about Jamboard's wind down.](#)

REMINDER

## Glow Connect Google News

Stay up to date with latest Google News via the News Page on Glow Connect.

The Glow Google Project Team source latest updates that are relevant for Glow users to save you time searching. You will also find out if there are any new features added to Google in Glow.
