Paisley

Paisley is a cute, fun shape that can be decorated in many ways. It looks like a raindrop with a little twist at the top.

1 Draw a long, continuous curved line.

2 Without picking up your pencil, bring the curve back up.

3 Curve your line so it connects with the very beginning of your drawing. You've drawn a paisley outline!

4 Begin to decorate the inside of the paisley. Start with a raindrop shape in the big part of the paisley and a circle in the small part.

5 Add more patterns and shapes such as flower petals.

6 Draw a line around the outside edge of the paisley's big bulge.

7 Add more detail like lines, stripes, waves, flowers or whatever you can think of.

8 Color it in!
