

Primary 2b Newsletter

August 2019

P2b P.E. day is Thursday.

Ready, Respect, Safe

Welcome Back!

I hope that everybody enjoyed their Summer. The children have all been working very hard already!

This year Primary 2b will have PE on **Thursday**. Children will need **sandshoes** for the gym hall which can be kept in school. Also, for safety reasons children should not wear jewellery on these days. In P2 children are encouraged to bring their own snack for play time and we ask that these are healthy, avoiding chocolate and sweets. In the class we will be using Dojo points, with children being rewarded for being kind, hardworking or for participating. At the end of a week we will count the points and have a Dojo champion or maybe more than one?! Watch out for the certificate when this comes home! This newsletter will provide you with information about what the children will be learning about this term.

If you have any questions please feel free to speak to me. *Jamie Smith*

RME - Harvest

Later this term P2a and P2b will be performing the Harvest assembly. **We will send out information about the date and time when this is confirmed.**

We have also decided to look at farms, animals and how food grows

Homework

Next week we will be starting our new reading books. On the inside cover of the book there are questions and things to discuss with your child. Later in the term, children will be able to choose another book to read at home for enjoyment. We will also be starting active homework where children can practise their spelling, tricky words and Maths in a fun way. They can bring their work in to share with the class.

PATHS

We have started our work in PATHS again this year. We will meet our friends Twiggle, Henrietta, Duke and Daphne. They will be helping us recognise different emotions. On Monday, we will have our first 'Pupil of the Day'. We will be giving them compliments and asking parents/guardians to do this at home and send it back into school to share with the class. Children will be rewarded with points if they return these.

French

We will continue to learn French and revising topics covered in P1. This term we will be continuing our French numbers and introducing colours.

Please remember to return the data forms this week. Thank you!
