

Primary 2b Newsletter

January 2020

P2b P.E. day is Thursday.

Ready, Respect, Safe

Health and Wellbeing

Just a reminder that Primary 2 will have PE on **Thursday**. Children will need **sandshoes** for the gym hall. Please check with your child that they still fit!

Some children have been starting to bring their own snack for play time. This is fine and we encourage children to bring a **healthy snack** to eat.

In PATHS, we have been developing the types of compliments that we give our Pupil of the Day. We are trying to think more about things that they are good at doing. It is fantastic to see the compliment sheets come back from home. The children love sharing the compliments they got from other adults. We keep these in our Compliments Folder and the children will be able to take these, home at the end of the session. We will also be thinking more about how to solve problems with friends and comfortable/uncomfortable feelings.

Just a reminder that the children are encouraged to bring homework from the active homework in the bags. They are rewarded with a Dojo Point when doing this.

If you have any questions please feel free to speak to me. *Jamie Smith*

RME - Joseph

Later this term we will be covering the Jewish story of Joseph. This will allow us to think about jealousy and how we treat others.

Numeracy

We will be:

- counting, ordering numbers to 100
- recognising properties of 2D and 3D shapes
- estimating and rounding
- addition/subtraction to 20

Social Studies

As their history topic, the class have chosen to learn about Pirates. The children have discussed setting up a Pirate role play corner, playing pirate games, finding out about their life on the ship and what they looked like. We are also hoping to do some art work and maybe even a treasure hunt!

Seesaw

Most parents/carers are now connected to Seesaw. We hope that you are enjoying seeing the work we do in class. The children love sharing their work with you! If anybody is still having trouble connecting, please let me know. We have even had homework shared through Seesaw.

French

In French, we have started to learn the names of some fruits and describe our favourite. We will also extend our number counting to 20 in French and look at the names of some animals in French
