

## Missing numbers

Fill in the missing numbers. Use the inverse to check your answers. Show your workings in the box below.

$390 + \boxed{x} = 990$

$\boxed{x} + 20 = 115$

$39 + \boxed{x} = 99$

$\boxed{x} + 5 = 32$

$9 + \boxed{x} = 699$

$27 + \boxed{x} = 77$

$475 + \boxed{x} = 675$

$270 + \boxed{x} = 770$

$75 + \boxed{x} = 95$

$\boxed{x} + 75 = 102$

**'Inverse'** means to reverse something. Subtraction is the inverse of addition.
