Speech & Language Therapy Drop-in Advice Clinics

For Children & Families living in Renfrewshire

Speech & Language Therapy Department

☎ 0141 314 4601

What is a Speech and Language Therapy Drop-in Clinic?

The Drop-in Clinic is a session for parents/carers who want advice about their child's speech and/or language development. You will have the opportunity to discuss your child's development with a Speech and Language Therapist & Speech and Language Therapy Support Worker.

Your health visitor, GP or your child's nursery/school may recommend that you visit our Drop-in Clinic. They are open to families who live in Renfrewshire.

No appointment or referral is required. It is a 'first come....first served' system, therefore you may have to wait to be seen. If the Drop-in Clinic is very busy, you may prefer to come back to the next scheduled session.

We have a limited number of bookable time slots which you can book by contacting the department on **0141 314 4601**.

What will happen at the Drop-in Clinic?

We will ask you to tell us about your child's speech, language and communication development.

We will give you advice on how to support your child to develop their speech, language and communication skills including tips to try at home or useful web sites to look at.

We may do a short evaluation of your child's speech and language skills using simple screening checklists with you or we may do this by watching and joining in with your child in play activities.

We may agree the next step for your child, which might include a therapy home pack or a referral for a detailed assessment by a Speech and Language Therapist.

Clinics are held each month at clinics across Renfrewshire. You can attend any session with your child, no matter where you live Renfrewshire.

Please note that you must be the parent or legal guardian of the child attending the Drop-in Clinic. We will be unable to continue with the consultation if this is not the case.
