Welcome

Parent Council can now invite others using teams.

Parent Council update:

- Over two thousand pounds still in the account.
5 numbers remaining for the bonus ball.
- Agreed to fund hoodies (since no trip this year) and school ties for Primary 7 pupils, and new ties for those joining Primary 1.

Head Teacher update:

- Christmas events were a huge success and thanks to the parent council for funding these. The virtual Santa for primary 1 and 2 was fantastic and all pupils enjoyed the panto online.
- Current registration for p1 is 14 pupils but this does not take into account placing requests.
- In response to questions from PC - Current numbers for session 21/22 may result in composite classes across the whole school including p1 and p7.
- All families contacted 6-7 Jan for check in and review resource needs. The school is extremely happy with engagement in online learning, nearly all pupils are engaging. A thank you was given to all parents as this is due to the support from parents/carers.
- Increased numbers at hub and greater government and L.A expectations
- The school has permission to use the church halls when required, even though the church itself is not open.
- IT update, Ipads of 5 years and over no longer to be used, currently affects about 12. To be a rolling programme. Discussion with PC about replacement possibilities.

AOCB

- Container to be purchased from the nursery. School still would like the container to store playground and outdoor learning equipment.
