

At Kilbarchan
Primary School,
we want to...

Why are we doing this?

We deserve the highest quality learning experiences at Kilbarchan Primary School.

This means lessons that are relevant, meaningful and fun.

This also means we get feedback to know how to get better.

What will you see?

We will talk about our learning and our next steps.

We will lead our Family Learning Conversations to share this with our families.

Our jotters and walls will showcase our learning and feedback.

Small groups will work on targets with support staff.

How will we know if we improve?

We will understand the purpose of our learning and how to get better.

We will do well in quizzes and tests.

We will use language that explains our learning and how we know we are meeting our targets.

At Kilbarchan
Primary School,
we want to...

**Be more
involved in
self-
evaluation**

Why are we doing this?

Our voice is important and we have a right to be listened to (UNCRC Article 12 and 13). We want to use our voice and ideas to help improve our school.

We need to develop our skills in leading our learning so we can grow up and use these skills in our work and life.

What will you see?

Our partner school will be St Margaret's Primary in Johnstone. Some children will visit them and they will visit us.

We will learn and develop skills like teamwork, resilience and organisation. We will learn about what we are good at in Kilbarchan Primary School and what we would like to do to get better.

How will we know if we improve?

We will create an Action Plan and we will evaluate how well we achieve our aims.

We will use our voice to write part of our School Improvement Plan for next year.

At Kilbarchan
Primary School,
we want to...

Why are we doing this?

It is important for us to feel
that we are:

- Safe
- Healthy
- Achieving
- Nurtured
- Active
- Respected
- Responsible
- Included

What will you see?

We will be learning in our
classes with our friends
unless we are sick.

We will be able to talk
about our feelings and
actions.

We will understand our
own needs and know how
adults can support us.

How will we know if we improve?

We will have less people
absent from school and class.

Our classrooms will be safe
spaces that are welcoming,
kind and supportive for
everyone.

We will have strategies to
help us talk about and sort out
any disagreements.

**Improve
Health and
Wellbeing**
