School Priorities

- On the In Service day the four school priorities were discussed
 1. Talk for Writing – in response to the dip in writing attainment following covid
 2. Reading – reading of books
 3. Nurture – strategies to support pupils and in particular those with additional support needs
 4. GL Assessment – feeder primaries have agreed to use GL Assessment for writing, reading and maths. This will span from P1 to P7 and inform Glennifer High School transition.

PEF Plan

- PEF money made available to the school is around £80,000, a reduction on previous amounts
- This impacts school trips as buses are very expensive. The school will need to ask parents to pay or contribute towards the cost. PC said they could help with some of the cost and suggested information regarding costs be communicated via the school newsletter.
- Supported study is not taking place and sport coaching time has reduced as a result of the reduction in PEF funding,

Awards
