## P3 Homework Information

Dear Parent/Guardian,

Homework is an essential link between school and home and therefore, your support in this matter is very much needed. Homework will be issued on a weekly basis to consolidate learning. Each child will be provided with a SeeSaw log-in code and a homework folder, containing a maths workbook and any jotters required. It is their responsibility to look after these resources and any reading books issued throughout the year.

**All homework will be issued on SeeSaw, so please ensure you have access and are checking regularly for any updates and/or announcements.** SeeSaw is a fantastic tool which provides the opportunity to share some of the hard work that takes place in school, with home. It is a learning journal for your child and is a formal tool for demonstrating progress, sharing learning and sharing targets.

### Spelling

The spelling rule and words will be issued on a Monday through SeeSaw. At home, children should:

1. Write each word twice
2. Choose one of the suggested ways to practise the words from the Active Spelling Grid
3. Write 2 high quality sentences, using at least one of the spelling words in each sentence. Once completed, please take a photo of your homework and post it on SeeSaw by Friday.

Spelling will be tested every Friday.

### Reading

Reading books will be given out on a Tuesday and children will receive a new book approximately every 2 weeks. Regular reading is very important for reading and writing development and as such it would be much appreciated if you could make the time to hear your child read as regularly as possible - daily reading would be most beneficial. The content of the book should be read and discussed in order that it is fully understood. Pointing out words at random on the page, encouraging your child to think of different words that rhyme with reading words, identifying words containing that week's spelling rule and reading lots of different texts (magazines, recipes, instructions for a game) would be much appreciated and are beneficial for your child's learning.

**While all homework jotters should stay at home, please ensure that reading books are returned to school each day as they will be used in class.**

### Maths

Maths homework will be given out on a Monday and a photo of the completed work should be on SeeSaw by Friday.

Daily practise of numbers is also recommended, such as:

- Sequencing and identifying numbers before/after up to 100
- Counting in 1's, 2's, 5's and 10's
- Number bonds to 20
- Times tables

For extra maths practise, children can use ICT games such as Hit the Button, Daily 10 and SumDog.

During the year, your child may be given homework from other areas of the curriculum to support learning in topic work. You will be informed of these as, and when, they arise.

**All homework should be returned via Seesaw by Friday - thank you.**

Completed work should be uploaded using the  button on Seesaw and we will then provide feedback. Please don't hesitate to get in touch should you encounter any problems or difficulties with this.

**It is important that all homework is checked for errors, corrections made, then signed by parents or guardians. We do have a homework club which provides a quiet space for homework, at lunch time. If your child chooses to attend Homework Club, it is still important that you check and go over homework with your child.**

We are looking forward to an exciting and enjoyable year in P3 and we thank you in advance for your support. Please don't hesitate to get in touch with any questions or queries. You can message us on SeeSaw or catch us at the door.

Kind regards,  
Mrs de Lange and Mrs Kay
