

# Internet Safety, Media Permission & Acceptable Use of ICT in Renfrewshire Schools

School logo  
goes here.

These rules apply to all uses of the internet and to all information sent electronically, including text messages and pictures sent by mobile phones.

## Digital Learning in Renfrewshire Schools

In Renfrewshire schools we want to give our children/young people as rich a variety of learning opportunities as possible, including digital learning. Internet use in Renfrewshire schools includes use of Glow, Scotland's safe and secure intranet for schools, and other Council-approved resources.

The internet provides a great wealth of information that can enrich class work. The ability to use it efficiently and responsibly is a skill that will be of value throughout a learner's life. It also allows a school to celebrate learners' work by publishing it on a school website, blog, wiki and sometimes on the Renfrewshire Council website.

The internet can harbour dangers and must be used responsibly to keep both our young people and the network safe.

You can find out more about providing your child with safer internet access at home at <https://www.thinkuknow.co.uk/parents/>

### Media Permissions

The school may produce web pages, ICT presentations, video presentations, educational or interest articles for magazines or other media. These materials are often used to show good practice and to celebrate a school's achievements. Materials are also made available to other members of the Glow intranet community in Renfrewshire or nationally to other Scottish schools and their Glow guests.

We need permission from parents and carers to be able to publish the child's work or record activities by camera or video camera. This permission will also cover your child's participation in video-conferences normally run within Glow. Sometimes these are recorded and made available for viewing within Glow.

Please be assured that the child's safety will always be of paramount importance and no personal information will be made public.
