

11TH JUNE 2023
11AM – 2PM

Come celebrate World Environment Day with Friends of Jenny's Well

We have a number of fun and informative activities planned for all age groups. Learn what we have been doing at the reserve, about the wildlife right on your doorstep and how you can get involved to help protect and enhance it.

We are also celebrating the newly resurfaced cycle route and repair station and shelter installation, by demonstrating how to use it. So, don't forget to bring your bikes along.

What you need to know:

It's a free event, some refreshments and healthy snacks will be provided; all you need to do is bring a reusable cup with you.

We have lots of space for picnics but no BBQs please.

There are no parking facilities at the nature reserve so why not take the bus, walk or cycle here instead.

Unfortunately, there are no toilet facilities available. The nearest restrooms are a 5-10 minute walk, at the Abbey Inn, where you can also grab a reasonably priced meal and drinks.

To participate in activities, children must be accompanied by an adult.

**Guided walks
around the reserve**

Scavenger hunt

—————
**Decorating bird
boxes**

**Mile marker design
competition**

—————
**Path Clearing
Flower planting
Litter Picking**

—————
**Stick around for a
bio-blitz @ 2:30 pm**
