And more...

We know it's hard. And we care.

We are very aware of the impact that the current cost of living crisis is having across all families currently.

Including our own families.

We have always taken the longer term view of you, as our customer, that if we provide a good regular service you could be our customer for many years as children progress through the school year.

Let us support you.

This means, as a business, we can look to offer, where we can, some support, as we don't consider the 'immediate sale' to be the only priority.

The support we can offer, right now, for a **limited time**, is a discount of 10%

Available until: June 30th

We wish to give you a chance to purchase the uniform essentials, now, and save some money.
