23 September 2020

Dear Parents/Carers,

Engaging with Parents

This session our first Parents' Meetings will be different because of our current restrictions due to COVID 19. On **Wednesday 7 October and Thursday 8 October 2020** from **3.30 pm** your child's class teacher will telephone you to discuss your child's progress in school. The telephone conversation will last for 7 minutes which is the same as meetings in school.

A date and time will be emailed to you using the contact details we have in school. If you do not receive an email with an appointment time by 30 September 2020 please contact the school.

Our plan for this session with regards to engaging with parents is to have a parents' meeting by phone in October, an open evening event in February or March, a school report in April and another parents' meeting in May 2021. We are hopeful that parents will be able to come into the school for the open evening and the final parents' meetings, but we will look at the situation nearer the time. We really hope we can welcome all families back to the school before the session ends!

Kind Regards

Carol Cooke
