### Next PC meeting 1/03/23 6pm

**AOB:**

- Road Safety update: we were advised that observations have been done on Lang Avenue and they have concluded there is not much more they can do at present.
- They suggested closing the gate and reclaiming the road, but we felt this was not a safe option for our children.
- We have expressed we are not happy with this outcome and will arrange a follow up with Fiona Muir.
- Jennifer asked if P7 would be going to the High school over the Easter and Summer Holidays: Louise confirmed there is no home link worked at present, but they have raised this and are awaiting a response from Renfrew High.
- Fiona raised concerns on behalf of her and fellow parents/carers of children who use the school bus, The bus is arriving at different times, they are looking for a more consistent time. Also, it was raised that the children feel the bus is not clean inside. Louise has raised this previously but will raise this again with Renfrewshire council to enable them to raise it with the bus company.
- The sound system current being used within the school is broken and is being looked into to see how much a new part would be. It was suggested that we could purchase a portable sound system, this could also be used outside for Gym/sports days etc. The cost of this would be approx. £200, This will be discussed again at the next meeting.
- We are going to go over the Parent Council Constitution, Elaine, Marilyn, Sarah and Louise will meet regarding this.

And finally we would like to congratulate the Active Schools Dodgeball club for Winning their tournament.
