

Thursday 25th June

This week our activities are fairly relaxed. Some of the activities I have planned are meant for you to do from time to time. Some of them might be useful for things to do over the holidays when you are looking for something different to do.

I am in school today teaching in the Hub. I will still keep a look out for messages but I might not be available to respond straight away.
Just do what you can and have fun doing it.

HWB

Let's get our brains and bodies energised. I am suggesting we all take the first 30 minutes of our day to do some physical activity. See you at 9:30am

Remember to keep active at other times during the day too.

Renfrewshire Leisure Olympics

Remember, our results will be compared against other schools and we have a chance to win the first ever RL Online Olympics!
Let's get practising!

GO TEAM BISHOPTON!

Other

Technology

I know you enjoyed exploring SCRATCH. I found this activity linked to our topic and thought you might like to work on it, together with your family, over the next few days or at some point over the holidays.

<https://www.shaunsgameacademy.co.uk/family-learning.php>

Or

You can choose some offline activities from the **STEM challenge cards**. These will be useful over the Holiday too

Scroll down to check for more.

Literacy		Numeracy	
<p>Literacy :- VCOP</p>	<p>Kahoot quiz about healthy eating.</p> <p>Read the questions carefully. Before you look at the choices, think what your answer will be then look at the choices.</p> <p>Have fun</p> <p>https://kahoot.it/</p> <p>Using Game PIN: 06021122</p>	<p>Numeracy Li:- Geometry revision</p>	<p><i>Today I have set a Sumdog assignment.</i></p> <p><i>Once you have done that you might like to have a go at the Sumdog Contest. Today is the last day!</i></p>
<p>Reading DEAR time 15+ mins dedicated to real reading (independent)</p>	<p>Remember every day to have some special reading time.</p>
