

DESIGN

Fantasy and Imagination

- **Learning intention:** While working through a design process in response to a design brief, I can develop and communicate imaginative design solutions.

For this exercise create a Google Doodle with the theme of Halloween. Copy or trace the google logo below into a blank page in your sketchbook. Change at least 3 letters to an image connected with Halloween. Think of symbols, shapes, characters or images related to Halloween – spiders, witches, pumpkins etc. You could perhaps add a spooky setting or background. If you wish you can add colour however it is not necessary. You should then evaluate your work using two stars and a wish.

Success Criteria

- I can create a Google Doodle
- I can demonstrate and draw images connected with Halloween.
- I can change at least 3 letters to an image in the shape of that letter.
- I can evaluate my own work
