The Hindu symbol for peace is the swastika. This symbol has been used by different cultures and for many different reasons throughout history. When you see this symbol what do you think of? How does it make you feel? Is it right that this symbol is remembered in modern history for a cause far removed from its original meaning? Are there other symbols that have the same effect?

How long has it been burning for if it measures 7.5cm when it is extinguished?

First, find the difference between the initial height of the candle and its height when extinguished:

$$18\text{cm} - 7.5\text{cm} = 10.5\text{cm}$$

Then divide the amount of candle burned by the rate it burns at:

$$10.5\text{cm} \div 3 = 3.5$$

Finally multiply this by 25 minutes:

$$3.5 \times 25 \text{ minutes} = 87.5 \text{ minutes (1 hour 27 minutes and 30 seconds)}$$
