### Class DOJO

As we are unable to have our parents/carers in and around nursery environment we have been discussing ways to keep you all up to date with your children's learning and progress. Your child's key worker will be making wellbeing phone calls to keep you up to date and to give you the opportunity to share any information about your child(ren).

We have been researching how effective the class DOJO would be for our families. We are keen to use this as method of communication. Using this you will be able to see videos and pictures of your children. You will be able to message your child's keyworker directly and share with us the lovely experiences you have at home. You will receive an information letter about this when we are ready to launch the app.

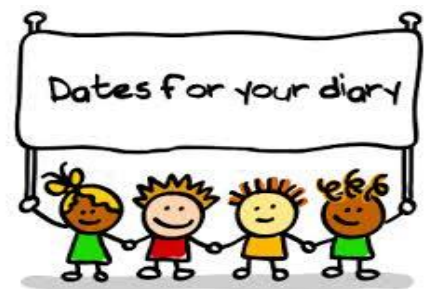

Could you please remember to log onto your parent pay app and give a little donation for our nursery. We need new resources for our little cherubs to explore. If you are having trouble logging on to this or need any support please contact the school office.

Due to the delay in the building of our extension, the nursery hours that you are receiving will continue next year. We are receiving updates regularly and will inform you of any changes. If you have any question please do not hesitate to talk to a member of staff. Due to change in routine of the nursery children are having a small snack as there are currently no lunches provided during their session. Could you please ensure they are having breakfast or lunch before coming to nursery.

Thank you
