## Dear parents,

Schools are a vital part of every community, and in Renfrewshire we want all children to have a chance to succeed. Through the Council's work with the Tackling Poverty Commission and as an Attainment Challenge authority, we are already seeing increases in pupil attainment, more young people going on to employment, training, or further and higher education after leaving school and a reduction in exclusions.

More and more, we are working in partnership with others as we work towards getting it right for every child. As a Council, we are ambitious for the children and young people of Renfrewshire.

This handbook outlines the current policies and practices of the Council and the school. At the back of the handbook, you'll find details of other websites which may be of interest. You can also find information about schools in Renfrewshire on the Council's website.

I hope you find this handbook a useful source of information about education in Renfrewshire and about your child's school in particular.

Yours sincerely

A handwritten signature in blue ink that reads "Peter Macleod". The signature is fluid and cursive, with the first name "Peter" and last name "Macleod" clearly distinguishable.

## Welcome from the head teacher

St Catherine's Primary School  
Brabloch Crescent  
Paisley

Dear Parent/Carer

It gives me great pleasure to introduce our school handbook to you. It provides a very comprehensive guide to our school, the curriculum, routines etc. and I'm sure you will find the information included, helpful and informative.

Our school vision is – **Attain, Achieve, Aspire** and this positive message is central to the ethos of our school community.

All staff in St Catherine's are committed to doing our very best for our families and community. We work hard to provide a balance between high academic achievement and fun. We ensure our pupils learn in a warm, nurturing and supportive environment and the positive relationships between pupils and staff are at the heart of this.

We pride ourselves in providing the highest quality of education for all of our pupils in an ethos which is positive and inclusive. We have excellent partnerships with our parents and the wider community.

A warm welcome is extended to you and your children and we look forward to working in partnership with you.

Yours sincerely

Emma Henry  
Head Teacher

## School aims

**Our vision:** Attain Achieve Aspire!

**Our values:** All children develop to be the best they can be, in both their learning and socially; the children being responsible, creative, tolerant and independent individuals who are aware of their role in the school and develop self-discipline through a focus on promoting positive behaviour.

Our vision and values will be achieved through:

The development of an inclusive ethos based on the Gospel Values of The Church that will enable each child to develop their God given talents

Providing our pupils with the appropriate skills for the world of work and how to contribute to the wider community

Fostering and providing opportunities that develop effective partnerships with parents and our wider school community, partner agencies

Acknowledging and celebrating wider achievements, pupils and staff, out with school

Ensure the provision of equal opportunities for pupils and staff to learn together within the school context.

**Our aims: In St Catherine's we aim to:**

Create a welcoming, secure and inclusive atmosphere conducive to a positive attitude to learning and teaching

Raise attainment and develop lifelong skills by providing a stimulating and accessible curriculum for all children

Promote a sense of responsibility, tolerance, loyalty, self-worth, co-operation and care for our community environment.

## Service Pledges

### Standards and expectations

**We will:**

- offer all children and young people in our catchment area a free school place;
- provide school premises which meet health and safety standards;
- provide information on your child's progress;
- provide religious and moral education for your child;
- give support and encouragement for parents to be involved in school life;
- provide regular information on school activities; and

- provide 25 hours of class contact time in each normal school week for pupils of primary-school age.

#### **Pupils will have opportunities for:**

- personal and social development;
- music, cultural activities and creativity;
- access to healthier lifestyles and sports activities; and
- community involvement.

#### **You can also expect us to:**

- provide a formal written report on your child's progress;
- provide an annual report on progress within the school improvement plan;
- give you an opportunity to have a formal meeting with your child's class teacher or teachers;
- strive to meet your child's needs; and
- provide regular reports on the quality of the school.

#### **How can you help?**

By law, you must make sure your child receives education.

As a parent, you can help your child by:

- making sure your child goes to school regularly;
- encouraging and supporting your child with any homework given;
- showing that you are interested in how your child is getting on at school;
- encouraging your child to respect the school and the whole school community; and
- being involved in the school.

The Act uses the broadly framed definition of 'parent' set out in the 1980 Act. This is as follows:

"Parent" includes guardian and any person who is liable to maintain or has parental responsibilities (within the meaning of section (13) of the Children (Scotland) Act 1995) in relation to, or has care of a child or young person;

This is a wide definition which might, by way of example, include:

- non-resident parents who are liable to maintain or have parental responsibilities in respect of a child;
- carers who can be parents;
- other with parental responsibilities, e.g. foster carers, relatives and friends who are caring for children and young people under supervision arrangements; and

- close relatives, such as siblings or grandparents caring for children who are not looked after or are under home supervision arrangements

Everyone who is a parent, as defined in terms of the 1980 Act, has rights under the Act. This includes the right to receive advice and information about their child's education, general information about the school, to be told about meetings involving their child, and to participate in activities, such as taking part in decisions relating to a Parent Council. Education authorities and schools should treat parents equally, the exception to this general requirement being where there is a court order limiting an individual's exercise of parental rights and responsibilities. It is for education authorities to advise schools on the application of these rights in individual cases.

## School roll

At present, our school has a roll of approx. 216 pupils including our nursery class.

## Parental involvement

We work closely with our parents to ensure that they are partners in their children's education. We do this by sharing with the parents information of the year's programme of work at each stage of the school. We welcome parents at all times and evaluate their views of events where pupils have the opportunity to share their learning. By seeking this feedback, we are able to take account of parental views on the education we provide and make changes where necessary. Parents are kept informed of school events via our school website: [www.st-catherines.renfrewshire.sch.uk](http://www.st-catherines.renfrewshire.sch.uk). And our Twitter account: @stcatherinespsy

Parents can be involved in their child's learning by:

supporting learning at home;  
developing strong partnerships between home and school; and  
engaging with the school, especially with Curriculum for Excellence

### School day

## School dress

Renfrewshire Council encourages each school to adopt a dress code and for any proposed changes to be discussed with parents, pupils and the parent council. The council supports an agreed dress code because of the benefits it brings, including improvements in safety, security, discipline, ethos and community spirit, and a decrease in bullying and expense for parents.

Some types of clothing will not be allowed in school for reasons of safety, decency or indiscipline. Types of clothing which will not be allowed include:

- clothes which are a health or safety risk;
- clothes which may damage the school building;
- clothes which may provoke other pupils;
- clothes which are offensive or indecent; and
- clothes which encourage the use of alcohol or tobacco, or other inappropriate substances.

Pupils will not be deprived of education, any benefit or access to examinations because of not wearing school uniform.

In the interests of health and safety, of both individual and others present, all jewellery, including body jewellery, must be removed before taking part in physical education lessons or physical activities.

Grants for footwear and clothing for children are available to parents receiving certain benefits. Please see the council's website:

<http://www.renfrewshire.gov.uk/Freeschoolmealsandclothinggrants>

Information and application forms for free school meals are available from schools, registration offices and customer service centres. A form can be downloaded from the council's website: <http://www.renfrewshire.gov.uk/Freeschoolmealsandclothinggrants>

Please help the school and the education authority by making sure that pupils do not bring valuable or expensive items of clothing to school. The council has no insurance to cover the loss of valuable items.

### **St Catherine's uniform is:**

- Navy skirt/trousers
- Light blue shirt/tie
- Navy cardigan/ sweat shirt
- Blue polo shirts are also available

Children are required to change for P.E. items required are listed below.

- Sand shoes or Trainers
- Blue polo shirt/t-shirt

- Navy blue shorts
- A shoe/drawstring bag is advisable to keep all P.E. kit in the cloakroom areas.

All items of clothing should be marked with the child's name.

## **Registration and Enrolment**

The date for registration of new school entrants is advertised in all local nurseries, national and local press and on the council's website [www.renfrewshire.gov.uk](http://www.renfrewshire.gov.uk). It is normally in January each year. Pupils should be registered in only one school for their catchment area. Parents will be provided with information about the school when they register their child.

Parents who want to send their child to a school other than the catchment school must make a placing request. Information on how to make a placing request is contained in the leaflet 'Sending your child to school.' The leaflet is available from any school, by phoning our customer contact centre on 0300 300 0300, or on our website [www.renfrewshire.gov.uk](http://www.renfrewshire.gov.uk). It is important to note that a successful placing request into a primary school does not guarantee a successful placing request when a child is transferring to secondary school.

Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact the school office for information.

## **Induction procedures for pupils starting school and their parents**

Parents will be advised of parent meetings and pupil induction days during the spring and summer terms.

## **Class Organisation**

Currently we have 8 classes. One at each year group from Primary 1 to Primary 7, and one P3/2 composite class. For more information on class size and composite classes see the council's website [www.renfrewshire.gov.uk](http://www.renfrewshire.gov.uk)

## **Assessment and reporting**

[Assessment](#) is an integral part of learning and teaching. It helps provide a picture of the learner's progress and achievements, and identifies the next steps in learning.

Assessment includes supporting learning, learner engagement and ensuring appropriate support.

## **Tracking learners' progress**

Information on learners' progress is gathered through planned assessments and this information is recorded. This allows teachers to have a clear picture of how learners are progressing. It will also allow teachers to identify next steps in learning and inform reporting on progress and achievement.

At St Catherine's Pupil Profiles have been developed to allow the tracking of progress, knowledge and skills across Curriculum for Excellence levels.

We know our pupils well as systems are in place to identify pupils who may require additional support due to social, health, emotional or family circumstances which may impact on pupil's ability to learn. We use tracking and attainment data to ensure the full range of learners' needs are identified.

## **Reporting**

Regular reports to parents provide clear, positive and constructive information about their child's learning and progress, reflecting on what has been achieved against standards and expectations.

## **Profiles**

Profiles will be used to recognise [pupils' progress in learning and achievement](#), while supporting and informing transitions. As children reach the end of primary school (primary 7) and young people their broad general education at the end of S3, they will record their most recent and relevant learning and achievements in a personal profile which will also incorporate a reflective statement by the learner.

## **Summary of the School Improvement Plan**

### **OUR NEXT STEPS – PRIORITIES FOR 2018-19**

*We believe that we have made very good progress during session 2017-18 and we will use the improvement priorities listed below to build on this progress moving forward.*

#### **To enrich the quality of learning experiences and raise attainment in Numeracy.**

- Train Support Staff in the Stages of Early Arithmetical Learning Maths (SEAL).
- To improve consistency of approach to Problem Solving.
- To develop holistic assessments initially within numeracy.
- Newsletters/Website will have a 'Numeracy' section to provide parents/carers with ideas for supporting their child's Numeracy at home.
- To develop approaches to learning and teaching in primary one in numeracy, building successfully upon those in the ELC setting within the school.

#### **To enrich the quality of learning experiences and raise attainment in Literacy.**

- To promote enjoyment and engagement and raise attainment in reading the Big Cat Reading Scheme will be introduced.
- To show progression in handwriting and grammar through our common planning format.
- To develop approaches to learning and teaching in primary one in Literacy, building successfully upon those in the ELC setting within the school.
- Extension of family learning to include the Tech Lit Café will be provided for parents and children to access literacy through digital technology.

#### **To improve the Social and Emotional Wellbeing of our families.**

- Introduce Place 2Be Counselling service and to devise a cohesive programme of Health and Wellbeing.

- Extension of Family Learning to include weekly themed drop in sessions for parents/carers.
- To align our behaviour policy with our skills progression framework to promote good decision making and restorative practice.
- Further develop curriculum planning to maximise opportunities for outdoor learning initially within Physical Education and to create outdoor zones to maximise and utilise space for outdoor learning.

### **Improvement in employability skills and sustained, positive school leaver destinations for all young people.**

- To extend Citizenship Groups to include a STEM Group and to embed STEM within current planning.

Enhance partnership with West College Scotland to promote further awareness of career/employment opportunities and skills development.

## **The Scottish Attainment Challenge**

### **Attainment Challenge and Pupil Equity Funding (PEF)**

The Scottish Attainment Challenge, launched in 2015, is about achieving equity in education. This can be achieved by ensuring every child has the same opportunity to succeed. Renfrewshire is one of nine 'challenge authorities' who have received funding to improve literacy and numeracy and health and wellbeing, with a particular focus on closing the poverty-related attainment gap.

The Pupil Equity Fund (PEF) is being provided as part of the £750 million Attainment Scotland Fund which will be invested over 2016-2021. The PEF is allocated directly to schools and targeted at closing the poverty related attainment gap. Every council area is benefitting from the fund and is based on the number of pupils in P1-S3 known to be eligible for free school meals. The funding is to be spent at the discretion of the head-teacher working in partnership with parents, pupils and staff to devise plans which focus on closing the poverty-related attainment gap.

## **Transfer to secondary school**

Pupils normally transfer to secondary school between eleven and a half and twelve and a half years-of-age, so that they will have the opportunity to complete at least four years of secondary education. Parents will be informed of the arrangements no later than December of the year before the date of transfer.

Parents who want to send their child to a school other than the catchment school must make a placing request. Information on how to make a placing request is contained in the leaflet 'Sending your child to school.' It is important to note that a successful placing request into a primary school does not guarantee a successful placing request when a child is transferring to secondary school.

St Catherine's Primary School is an associated primary school of Trinity High School and St

Andrews Academy.

## **Nursery class of St Catherine's Primary School**

### **Nursery Class Provision**

The school's nursery class provides 27 morning and 27 afternoon places for children aged 3 - 5 years. We provide 12 morning and 12 afternoon places for children aged 2-3years.

Children are eligible for entry to the nursery class from the term after their third birthday. Starting dates are in August, January and April. Application forms for a nursery place are available from the school office and should be returned there on completion. Parents may register an application for their child from the age of 2 years.

### **Admission to Nursery**

Nursery class provision is non-denominational. Placement in the nursery class does not guarantee a place in the primary school if a placing request is necessary. All Renfrewshire nursery classes adhere to the council's admission policy and all applications are dealt with in line with its guidelines.

The head teacher is a member of the local admissions panel which is made up of nearby nursery classes, nursery schools and partnership nurseries. All applications are discussed at a meeting of this panel and agreement about the allocation of places is made by the members. Parents will receive notification when their child is allocated a place and information will accompany this about starting dates and times. Normally children will start at the appropriate time in the term after their third birthday. In some circumstances children may be eligible for a place after their second birthday.

## **Transfer from Nursery to Primary**

Before leaving nursery, a transfer of information record for each child will be prepared by nursery staff to ensure a smooth transition and continuity of education for the child transferring to primary.

## **Car Parking**

Our school building also houses Renfrewshire Council's Education Psychologists' Service. We therefore are unable to offer any car parking facilities for parents.

There is parking space on Netherhill Road and we would ask that all parents and visitors use this.

A dedicated parking space has been created to ease access for people with disabilities. Please do not use this space without authorisation

## **Care and welfare**

Your child's welfare is central to the ethos of the school. Please contact the school to share any concerns you have about your child's welfare or wellbeing. The staff will work with you as parents or carers of our pupils, to make sure they are safe, happy and able to benefit for the educational opportunities we offer. This handbook gives details of how we deal with bullying, homework, additional support needs and many other areas that may impact on your child's wellbeing.

## **School security**

Renfrewshire Council has introduced procedures to ensure the safety and security of pupils and staff when attending or working in a school. We use a number of security measures including a visitors' book, badges and escorts, while visitors are within the school building. Normally, anyone calling at a school for any reason, will be asked to report to the school office. The school staff then can make the necessary arrangements for the visit.

## **Attendance and absence**

It is the responsibility of parents of a child of school age to make sure that their child is educated. Most do this by sending their child to school regularly. Attendance is recorded twice a day, morning and afternoon.

Absence from school is recorded as authorised, that is approved by the education authority, or as unauthorised, that is unexplained by the parent (truancy).

Please let the school know by letter or phone if your child is likely to be absent for some time and give your child a note on his or her return to school, confirming the reason for absence. If there is no explanation from a child's parents, the absence will be regarded as unauthorised.

Please make every effort to avoid family holidays during term time as this disrupts your child's education and reduces learning time. The head teacher can approve absence from school for a family holiday in certain extraordinary situations, for example, in traumatic domestic circumstances where the holiday would improve the cohesion and wellbeing of the family. Please discuss your plans with the head teacher before the holiday. If the head teacher does not give permission before the holiday, it will be recorded as unauthorised absence. The head teacher may also exercise discretion when a parent can prove that work commitments make a family holiday impossible during school holiday times. Normally, your employer will need to provide evidence of your work commitments. Absence approved by the head teacher on this basis is regarded as authorised absence.

Parents from minority ethnic religious communities may request that their children be permitted to be absent from school to celebrate recognised religious events. Absence approved by the head teacher on this basis is regarded as authorised absence. Extended leave can also be granted on request for families returning to their country of origin for cultural or care reasons.

A supportive approach is taken to unexplained absence. However, the education authority has legal powers to write to, interview or prosecute parents, or refer pupils to the Reporter to the Children's Panel, if necessary.

## **Bullying**

Renfrewshire Council has an anti-bullying policy which was developed in consultation with pupils, parents and staff. The policy provides guidance on the prevention, identification and management of bullying – both the bullying behaviour and the impact it has.

Our school also has its own anti-bullying policy which sets out our local approach to tackling bullying. You can request a copy of the Council's policy and/or the school's policy from the school office or access them online at <http://www.renfrewshire.gov.uk/article/3469/Anti-bullying>

If you have a specific concern about bullying, please report this to the school so that we can investigate and take any action that might be needed.

## **Safeguarding including Child protection**

All children have a right to be protected from harm, abuse and neglect. The vision of the Renfrewshire Child Protection Committee is that "it's everyone's job to make sure that

children in Renfrewshire are safe."

Renfrewshire Council has a child protection policy and guidelines in place to make sure that all staff receive training each year and are confident in responding to any child protection or safeguarding issue, including e-safeguarding, child sexual exploitation and radicalisation. Staff ensure the wellbeing of children they come into contact with and work closely with other agencies to protect children and keep them safe. All school staff must report any concerns they have about the welfare of children.

## **Mobile phones**

The benefits of mobile phones are recognised. Many young people and their parents regard them as an essential means of communication. Mobile phones can continue to be brought into schools, however the following limitations will apply in Renfrewshire schools and nursery establishments.

- All phones should be turned off and kept out of sight during the school day within the school campus.
- Photographing or recording of sound or images of staff, other pupils or visitors to the school is not allowed at any time within the school campus or on school transport.
- Mobile phones may be confiscated where these rules are broken.
- Any recordings made on school premises or school transport found on confiscated phones must be deleted on their return.
- Any photographs or recordings of staff in any situation, whether taken on school premises or elsewhere, found on confiscated phones must be deleted from phones on their return.
- Children's Services expects that schools will, through normal collegiate procedures, develop or review existing policies on the use of mobiles phones that take account of the views of all staff, parents and pupils.
- Schools should ensure that pupils, parents and staff are aware that should a pupil breach the policy they will be disciplined in line with the school's positive behaviour/discipline policy.
- Individual school policies should clearly state for the benefit of staff, pupils, parent and visitors any variations from the restrictions on use of mobile phones set out below.
- Pupils and parents should be notified that mobile phones will be confiscated where these limitations are breached.
- Smartphones introduce additional challenges for schools and parents. Pupils and parents should be aware that this also leaves pupils open to dangers such as cyber bullying, grooming and access to inappropriate material. Parents are encouraged to read anti-bullying policy for further guidance.
- Staff should not delete photographs or recordings from confiscated mobile phones.
- When staff confiscate mobile phones or other devices, they should ensure that these are retained in a safe place that cannot be accessed by others. This may be a lockable drawer or cupboard, a base area or a delegated area in the school office. Confiscated mobile phones should normally be passed to the school office or senior member of staff as soon as possible after confiscation.

## Legal Aspects

- There are a number of aspects of the law that may apply to mobile phone misuse and the responses to that misuse. In the most serious cases there may be a crime involved – an incident that is being filmed might be an assault or breach of the peace. The misuse of a mobile phone might be an offence under the Communications Act 2003, if it involves a call or message that is grossly offensive or is of an indecent, obscene or menacing in character; and, the distribution of certain pornography might be an offence under the Civic Government (Scotland) Act 1982.
- In situations which are so serious that a school might call in the police, it is for the police and not the school to consider what, if any, criminal offence may apply.

These restrictions on use apply equally during any school activity that takes place off campus.

Pupils breaking the rules will be disciplined in line with the school's positive behaviour or discipline policy.

## School meals

Children of parents receiving certain benefits, are entitled to a free midday meal. Information and application forms for free school meals are available from schools, registration offices, customer service centres or may be downloaded from the council's website:

<http://www.renfrewshire.gov.uk/article/2303/School-meals>

Children who are also entitled to free school meals are entitled to free milk at lunchtime. Milk may also be on sale in the school during the lunch period.

## School transport

Renfrewshire Council's current policy is to provide home to school transport to all primary school pupils who live more than 1.609 kilometres (1 mile) from their catchment school by the recognised shortest safe walking route. Parents who think they are eligible can get an application form from the school or Children's Services in Renfrewshire House, Paisley or online at <http://www.renfrewshire.gov.uk/article/3486/Home-to-school-transport>. These forms should be completed and returned before the end of February for those pupils beginning school in August to allow appropriate arrangements to be made. However, parents may make an application at any time.

In special circumstances, the Director of Children's Services has discretion to grant permission for pupils to travel in transport provided by the education authority, where spare places are available, at no additional cost to the authority.

## Pick-up Points

Where home to school transport is provided, some pupils will require to walk a reasonable distance from home to the transport pick-up point, but this should not exceed the authority's agreed limit of 1.6 kilometres (1 mile).

It is the parent's responsibility to make sure that their child arrives at the pick-up point on time and behaves in a safe and acceptable manner while boarding, travelling in and leaving the vehicle. Children who misbehave can lose their right to home to school transport.

## **Placing Requests**

You should be aware that if we grant your placing request, we do not have to provide a school bus pass or any other help with transport.

## **Assisted support needs**

Renfrewshire Council may provide home to school transport for children assessed to attend any school because of their Additional Support Needs. We also provide seat belt and wheelchair restraints needed to transport pupils.

## **Playground supervision**

An adult presence is provided in playgrounds at break times, as required by law.

## **Pupils leaving school premises at breaks**

Schools have a duty to look after the welfare of their pupils. This means that the staff should take the same care of pupils as a sensible parent would take and includes taking reasonable care of pupils' safety during intervals and lunchtimes, where they are engaged with them.

Renfrewshire Council recommends that pupils should not leave school grounds at intervals. Primary pupils should only leave at lunch times when they are going home for lunch, with their parents' agreement. Parents should encourage their children to follow these rules in the interests of safety.

## **Equalities**

Renfrewshire Council is committed to ensuring that all employees, customers and partners are treated fairly and with respect at all times. We are committed to promoting equality and tackling discrimination through the way services are planned, delivered and purchased. The council promotes and encourages a culture whereby equality of opportunity exists across all the protected characteristics of age, disability, race, gender reassignment, pregnancy and maternity; religion and belief; marriage and civil partnership, sex and sexual orientation.

School education is open to all pupils and all reasonable measures will be taken to make sure that the curriculum is available to every child. The Equality Act 2010 introduced a new public sector general equality duty which requires Scottish public authorities to pay 'due regard' to the need to:

- Eliminate discrimination, victimisation, harassment or other unlawful conduct that is prohibited under the Equality Act 2010;
- Advance equality of opportunity between people who share a characteristic and those who do not; and
- Foster good relations between people who share a relevant protected characteristic and those who do not.

The council supports the right of each citizen to a quality of life which is free from violence, discrimination and harassment. The council will take steps to ensure that all citizens, regardless of race, ethnic or national origin, religion, social background, marital status, gender, disability, age or sexuality have full access to its services, taking all possible measures to prevent discrimination in the way its services are delivered.

Parents can help to monitor our success in promoting equality of opportunity for all by providing equalities related information when asked.

## **Medical and health care**

Medical examinations are carried out at various times during a child's primary school years. As parents, you will be given notice of these and encouraged to attend, except for vision and hearing tests and dental examinations. The head teacher will assume that your child will attend all examinations unless told otherwise. Parents will be told about any recommended action or treatment. All examinations are carried out by NHS Greater Glasgow and Clyde.

Parents should notify the school of any medical requirements or allergies that their child may have. Wherever possible, where a child requires medication, it is better if this is provided outside of school hours. In cases where it is necessary that the child receives medication during school hours, parents should contact the school to make appropriate arrangements. School staff are under no obligation to give medicines to pupils and staff will advise parents of local arrangements. Where appropriate, schools will support parents in helping children and young people learn the life skills which allow them to manage their own healthcare needs.

Minor accidents are dealt with by school staff in the first instance. If a pupil takes ill or has an accident at school which requires that they be sent home or for treatment, the school will provide first aid and contact parents or carers. It is very important that the school has up to date contact details for all parents or carers and an additional contact person in case parents or carers can't be reached. This information should be current, and the school notified of any changes. We will not send children home from school unaccompanied.

In the event of a serious illness or accident, a member of staff will accompany the child to a doctor or hospital and parents or carers will be notified immediately.

## **Religious Observance**

Our school is fortunate to have a close link with the local church. The priest assists with the Christianity element of Religious and Moral Education and provides opportunities for religious observance. Parents have the right to withdraw their child from religious observance and should inform the school in writing.

In addition, parents and carers from religions other than Christianity may request that their children may be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered.

## **Behaviour and discipline**

In St Catherine's we do our best to foster in the children positive values such as kindness and consideration towards others, courtesy and respect for other people and their property. We believe that the school rules, which are regularly discussed with the children, will help your child to learn in a secure and happy atmosphere.

Our school rules are:

- We are gentle.

- We are kind and helpful.
- We listen.
- We work hard.
- We look after property.

Our policy reflects the documents Better Behaviour Better Learning in Renfrewshire

## **Wet weather arrangements**

At times of inclement weather, where staffing allows, the school allows pupils to remain in class at break times. On these occasions, an adult presence is provided in both the upper and lower corridors. Senior pupils are assigned to classes as monitors to assist with supervision. For the health and safety of pupils and staff, the school has clear, well-established codes of conduct for wet breaks. Pupils who do not follow these codes of conduct will not be allowed to remain in class.

# Curriculum matters

## School curriculum

Curriculum for Excellence (CfE) - Scotland's approach to learning and teaching - has been a very positive development in our schools. Scotland's children and young people are now much more confident, resilient and motivated to learn.

The National Improvement Framework, updated in 2018, sets out activity the Scottish Government and partners will take to drive improvement for children and young people.

Crucially, it sets out a clear **vision** for Scottish Education:

- **Excellence through raising attainment:** ensuring that every child achieves the highest standards in literacy and numeracy, set out within Curriculum for Excellence levels, and the right range of skills, qualifications and achievements to allow them to succeed; and
- **Achieving equity:** ensuring every child has the same opportunity to succeed, with a particular focus on closing the poverty-related attainment gap.

Moving forward schools will provide a more coherent, flexible and child-focused curriculum which ensures high-quality, interesting and engaging learning, to raise attainment, close the gap, and give all our young people the best chance of success in life.

## Curriculum for Excellence

### Getting it right for every child (GIRFEC)

Getting it right for every child (GIRFEC) is the national approach in Scotland to improving outcomes and supporting the wellbeing of our children and young people by offering the right help at the right time from the right people. It supports them and their parent(s)/carers to work in partnership with the services that can help them.

All education staff have a statutory responsibility to promote and support the wellbeing of children and young people in their care. There are 8 wellbeing indicators and you can find out more about these here: <https://www.gov.scot/Publications/2016/03/5084/1>

## Additional support for learning

### Inclusion

Renfrewshire's inclusive approach affords all children and young people the opportunity to be part of a community, boosting their emotional wellbeing and aiding the development of social skills. This approach is based on the core inclusive value of providing education for children within their own community as much as possible. The child's wellbeing plan is the core planning framework for individual support for each child and young person.

## **Support**

All children and young people need support to help them learn and develop. The needs of the child or young person should always be central to the identification, planning and provision of support. Support should be appropriate, proportionate and timely.

### **Universal support**

Universal support starts with the ethos, climate and relationships within every learning environment. It is the responsibility of all practitioners and partners.

An environment which is caring, inclusive, fair and focused on delivering learning to meet individual needs will encourage all children and young people to strive to meet their learning potential.

Personal learning planning is at the heart of supporting learning. The conversations about learning, reviewing progress and planning next steps are central to this process. Planned opportunities for achievement which focus on the learning and progress made through activities across the full range of contexts and settings in which the curriculum is experienced also contribute to the universal aspect of support.

In addition, all children and young people should have frequent and regular opportunities to discuss their learning and development with an adult who knows them well and with whom they have a mutually trusting relationship. This key member of staff has the holistic overview of the child or young person's learning and personal development.

### **Targeted support**

Children and young people can benefit from additional or targeted support, tailored to their individual circumstances. This could be at any points of their learning journey or throughout the journey.

Barriers to learning may arise from specific learning difficulties, disability, social, emotional or behavioural needs, bereavement or family issues.

Targeted support also encompasses children and young people requiring more choices and more chances to achieve positive, sustained post-school destinations.

This 'targeted' support is usually, but not exclusively, delivered by staff with additional training and expertise. In a secondary school, this support may be coordinated by guidance/pastoral care/pupil support staff through a staged intervention process.

## **Educational Psychology Service**

Educational Psychologists (EPs) support equity, inclusion and attainment and deliver evidence-based intervention to support pupils' wellbeing in Renfrewshire's schools, nurseries and other learning centres.

EPs work with teachers, parents and support staff to help children and young people make the most of their lives and support schools, nurseries and other learning centres to improve and develop supportive healthy learning environments through the Renfrewshire Nurturing Relationships Approach, Mental Health in Schools, Attunement Coaching and Language and Communication-Friendly Environments.

Our school has a system in place for monitoring and reviewing the progress of all children and we have a link educational psychologist who visits on a regular basis and is part of the extended support team. When concerns are raised about a child or young person, the schools takes action to address these concerns and may involve a link EP. Parental permission will always be obtained before we request to involve the link EP.

## **Health and Wellbeing Education**

Learning in health and wellbeing ensures that children and young people develop the knowledge and understanding, skills, capabilities and attributes which they need for positive mental, emotional, social and physical wellbeing now and in the future. Learning through health and wellbeing enables children and young people to:

- make informed decisions in order to improve their mental, emotional, social and physical wellbeing
- experience challenge and enjoyment
- experience positive aspects of healthy living and activity for themselves
- apply their mental, emotional, social and physical skills to pursue a healthy lifestyle
- make a successful move to the next stage of education or work
- establish a pattern of health and wellbeing which will be sustained into adult life, and which will help to promote the health and wellbeing of the next generation of Scottish children and young people
- and, for some, perform at high levels in sport or prepare for careers within the health and leisure industries.

Health and Wellbeing in schools covers:

- Mental, emotional, social and physical wellbeing
- Planning for choices and changes
- Physical education, physical activity and sport
- Food and health
- Substance misuse
- Relationships, sexual health and parenthood.

Health and wellbeing cannot exist in a vacuum. It requires exchange of information, mutual support and collaboration with community partners, schools and parents.

## **Specialist support service – teachers teaching in more than one school**

We have a number of teachers who work in nurseries and schools to provide specialist support to children and young people who have a range of additional support needs. These teachers work with teachers within the nursery or school to plan and deliver an appropriate curriculum. The service also provides staff development and advice on resources.

The teams support the additional needs of:

- children with a significant hearing and or visual impairment;
- children with English as an additional language who are at the early stages of learning English;
- looked after and accommodated children and young people who are experiencing difficulties engaging with school;
- children at early stages of primary school who have a developmental coordination disorder along with attention difficulties;
- young people who attend the Flexible Learning provision; and

- nursery aged children who have been identified as having significant support needs.

## **Homework**

Homework is an integral part of learning and teaching. It provides children and young people with the opportunity to develop self-reliance, self-discipline, self-confidence and be responsible for their own learning. It also strengthens the link between home and school by supporting parents and carers to share in the learning process. Homework can take many forms and will reflect the age, stage and area of learning currently being undertaken by your child. It will be issued on a regular basis and will be varied, meaningful and interesting.

St Catherine's Primary School has a homework policy based on Renfrewshire Council's policy and guidance. You can request a copy of this policy from the school office.

## **Enterprise in education**

Enterprise in Education [Determined to Succeed] is our strategy to develop the business and employability skills in young people.

It lies at the centre of curriculum for excellence and promotes a wide-range of opportunities for our children and young people aged 3-18 to become successful learners, confident individuals, responsible citizens and effective contributors.

The four main areas of Determined to Succeed are:

- Enterprising learning and teaching;
- Entrepreneurial learning;
- Work-based vocational learning; and
- Careers education.

Six inter-related themes are built around the main areas:

- Supporting the development of skills for life and skills for work;
- Engaging employers;
- Broadening the reach of the programme;
- Embedding enterprise in the curriculum;
- Building capacity; and
- Enhancing our international profile.

Enterprising activities will be organised to reflect the age and interests of our pupils.

The range of activities can include:

- Links and partnerships with businesses, colleges, and schools abroad;

- Fundraising events organised and run by pupils;
- Fairtrade activities;
- Joint school and community initiatives; and
- Work experience placements and speakers.

## Extra curricular activities

# Home school community links

## Parental Involvement

By law, schools have a duty to promote parents' involvement in their child's education and our school encourages parents to:

- be involved with their child's education and learning;
- be active participants in the life of the school; and
- express their views on school education generally and work in partnership with their child's schools.

Every parent who has a child attending our school is automatically a member of the Parent Forum. As a member of the Parent Forum, each parent can expect to:

- receive information about the school and its activities;
- hear about what partnership with parents means in our school;
- be invited to be involved in ways and times that suit you;
- identify issues you want the parent council to work on with the school;
- be asked your opinion by the parent council on issues relating to the school and the education it provides;
- work in partnership with staff; and
- enjoy taking part in the life of the school in whatever way possible.

The Parent Forum elects a smaller group of parents to form the Parent Council. Parent Councillors may be involved in:

- supporting the work of the school;
- gathering and representing parents' views to the head teacher, education authority and Education Scotland;
- promoting contact between the school, parents, pupils, and the local community;
- fundraising;
- organising events;
- reporting to the parent forum;
- being involved in the appointment of senior promoted staff; and
- providing a representative to the National Parent Forum of Scotland.

Parent council chairs can attend the Parent Council Liaison Group, which gives parent councils an opportunity to speak with elected members and senior managers from the Council about issues relating to education in Renfrewshire. These meetings take place four times a year and details are sent to Parent council chairs at the start of each new academic year.

For more information on parental involvement or to find out about parents as partners in their child's learning, please contact the school or visit the Parentzone website at:

### **Home school links**

The Home Link Service is one of the services that supports children and families in Renfrewshire. They are a multi-disciplinary team based in different areas across Renfrewshire and linked to school clusters.

The main aim of the service is to increase the educational attainment of children and young people. This is achieved by developing links between home and school to ensure pupils identified through the school's Extended Support Framework as facing issues at home or in school that are barriers to learning are offered additional support.

Support offered to pupils can be given individually or in a group setting. Parents are fully involved, with an initial home visit to discuss the referral and updates on progress reviewed and evaluated on a regular basis.

Support is also offered to pupils who are identified as anxious during times of change, such as moving from nursery to primary, primary to secondary and secondary to further education or employment. These can be stressful times for both pupils and parents and a Home Link Worker can support parents and the school to work together to ensure a smooth transition, and help children and young people learn how to cope with change.

Home Link is a non-statutory service and staff work in partnership with parents or carers, school staff and other agencies, including counselling and support services, health, social work and community learning and development, and other identified local voluntary and government agencies.

### **Pupil council**

Our Pupil Council is voted in each year. Pupils are encouraged to have their say in the running of the school. The Pupil Council meet regularly to share and discuss ideas to improve our school

### **Community links**

The school has strong links with our local parish of St Mirin's Cathedral. Our Chaplain is a regular visitor and the parish community support the school in a variety of ways.

The school has strong links with West College Scotland and local shops and businesses.

## School lets

Lets for schools should not be sought where the group wishes to apply for a licence.

To apply to use school facilities, contact the Community Facilities Section at Johnstone Town Hall. Contact details are in the important contacts section at the end of this handbook.

## Other useful information

### Listening to learn - complaints, comments and suggestions

Renfrewshire Council encourages feedback on its services from parents and pupils as part of our overall commitment to giving the best possible service and to working in partnership. We are interested in feedback of all kinds, whether it be compliments, suggestions or complaints.

If you want to register a comment of any type about the school you can do this by writing, telephoning or making an appointment to see someone. All feedback is welcome and keeps us in touch.

If, in particular, you have a complaint about the school, please let us know. It is better that these things are shared openly and resolved fairly, rather than being allowed to damage the relationship between the family and the school. There will be no negative consequences from making a complaint and we will deal with the issue.

<https://www.npfs.org.uk/confidentially>. If we have made a mistake, we will apologise quickly and clearly and try to put things right.

There are some things which you should be aware of when making a complaint:

- Complaints about the school should be made first to the head teacher.
- It is helpful if you can give some details of the issue and ask for an early appointment to discuss it.
- We want to resolve complaints as quickly as possible. You will get a decision on your complaint in five working days or less, unless there are exceptional circumstances. If it is going to take longer than five working days, we will let you know.
- If you are not happy with the response to your complaint, you have the right to take it further. You can fill in a complaints form (available from the school or any council office), fill in the online form, write to us, email us at [complaints@renfrewshire.gov.uk](mailto:complaints@renfrewshire.gov.uk), or call us on 0300 300 0170. At this stage, we will carry out an in-depth investigation. We will acknowledge receipt of your complaint within three working days and give you a full response within twenty working days. If the investigation is going to take longer than this, we will contact you to discuss timescales.
- If you are still unhappy after the further investigation and our reply, you can take the matter up with the Scottish Public Services Ombudsman. Our reply will include the contact details.
- You should also note that you have the right to raise unresolved concerns with your local councillor, MSP or MP.

## **Data protection**

Information on pupils, parents and guardians is stored on a computer system and may be used for teaching, registration, assessment and other administrative purposes. The information is protected by the EU General Data Protection Requirement and can only be shared or disclosed in accordance with the law.

Pupils attending any type of school have a right of access to their own information. This is known as the right of subject access. When a child cannot act for themselves or the child gives permission, parents will be able to access this information on their behalf.

For more information on data protection, please contact the school.

## **Information in Emergencies**

We make every effort to maintain a full educational service, but on some occasions, circumstances arise which lead to disruption. Schools may be affected by severe weather, traffic and transport disruption, power failures or fuel shortages. In such cases, we will do all we can to let you know when we are closing and reopening the school or nursery.

We use a variety of methods to keep you updated in emergency situations including: e-mails, our schools digital newsletter, text messages, the school and council websites and Renfrewshire Council's social media channels (Facebook - renfrewshirecouncil and Twitter - @RenCouncilNews).

Further information may also be provided through letters, announcements in the local press, local radio, or notices in local shops, churches and community centres.

Please ensure we have the most up-to-date emergency contact information for your family and you are following the council's social media channels. You can sign up for the school's digital newsletter via [www.renfrewshire.gov.uk/e-alerts](http://www.renfrewshire.gov.uk/e-alerts).
