

The Chewing Gum Meal!

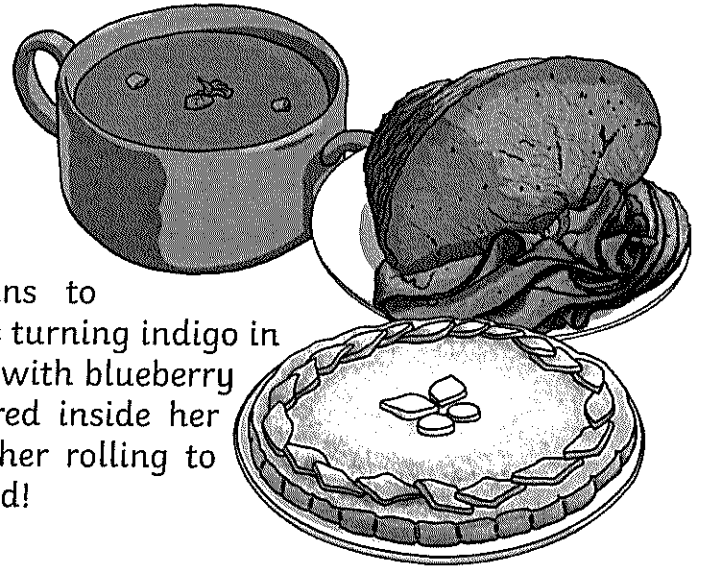

In Charlie and the Chocolate Factory, Violet Beauregard chews gum which tastes like a three-course meal.

Willy Wonka's Gum Menu

Starter: Tomato soup

Main: Roast beef and baked potato

Dessert: Blueberry pie and ice cream.

As she tastes the dessert, Violet begins to experience some side effects. Her skin starts turning indigo in colour. Her body begins to swell up, filling with blueberry juice. Her arms, legs and head disappeared inside her swollen round body. Willy Wonka sends her rolling to the Juicing Room to have the juice squeezed!
