

Dear Parent/Carer

Education Scotland is working with consultants Ekosgen to better understand the factors influencing learners' choices regarding STEM learning and pathways. To date, evidence has been gathered through focus groups and interviews with a range of educational professionals. This next phase will involve gathering views directly from learners (P6 to S6) and parents/carers.

We would greatly appreciate any support you can give in promoting these surveys within your settings and networks to ensure a representative response from across Scotland. The information below is also available on our STEM blog: <https://blogs.glowscotland.org.uk/glowblogs/STEMcentralinmotion/2022/06/09/stem-strategy-learner-parent-and-carer-surveys/>

STEM Parent/Carer Survey: <https://www.surveymonkey.co.uk/r/STEMParents2022>

Thank you

I Menzie (Education Scotland)
