CHILDRENS MENTAL HEALTH WEEK

This week we are celebrating Childrens' Mental Health. This year the theme is FIND YOUR BRAVE. Children have had an input on what this means for individuals. On Wednesday every child will get a breakfast pastry in school. Please let the school office know if your child is allergic to pastries. On Thursday we are having a celebration with a special surprise! Children can wear own clothes to school on Thursday!!

SOCIAL MEDIA COMMUNICATIONS

St Charles' Primary School Parent Hub Facebook page is a useful source of information. Please visit regularly to obtain information about Parent Hub events & activities as well as general school information. Miss Leck has established a Twitter account for the school and regularly posts information about children's learning and activities we are involved in. Please follow us to keep yourself informed @stcharlespaia

Please take the time to give your thoughts to our 'Question of the Month' in the school foyer.

FUNDRAISING

Primary 7 pupils are raising money for the Bishop's Charity. They will be having a fundraising day this Thursday 6th February. On sale will be hot dogs, Mothers Day gifts, glitter tattoos and a nail bar, among other things. Any donations of home baking will be gratefully received. Children should bring money to school on Thursday.

HEALTH UPDATE

We have various Health checks coming up in the school. Vision checks, dental inspections and vaccinations. Dates below for upcoming checks. We also have health workshops taking place in various classes including Health Eating Talks and Hand Hygiene. We would ask you to be vigilant when it comes to Head Lice and Threadworms. We have had reported cases in the school. Please speak to your child about the importance of hand hygiene and washing hands after going to the toilet. This is very important to stop Threadworms reoccurring. Please let the school know if your child has anything that can be passed on.

FARESHARE

We will be working in partnership with a charity called Fareshare. They will work in partnership with our school and we will set up collection days at local supermarkets to collect excess food and other products. We would like all parents and carers to make use of the excess food and other products. We will have the collections available in the family room for parents to help themselves. We would like parents to feel free to pop into the family room and have a tea or coffee and help themselves to anything they need. As soon as it is set up we will let you know!

REHOMING OF ANIMALS

We have exciting news! We will be rehoming animals in our playground. We will be getting hens and possibly guinea pigs. Pupils will be involved in caring for the animals, feeding them, cleaning the pens and looking after them. We hope to get eggs which we will use for cooking in the school. This experience will help our children with skills and abilities needed for caring for animals.

PARENTPAY

Please make sure you are signed up for PARENTPAY. St Charles' will go live on Thursday 20th February. Parents must be signed up in order to pay for lunches, trips and events in the school. There is a drop in help session on Friday 14th Feb at 9am and 2.30pm.

ALPHA TRAINING

St Charles' Church will be running an Alpha training course in the school every Thursday for the next 8 weeks. We are targeting parents of children who are preparing for Sacraments. Our group is ready to start on Thursday, if you would like to be involved with your child please speak to Pauline Kelly or Margaret Winters this week.

LANGUAGES WEEK

We will be celebrating Languages Week on 13th and 14th February. Children will bring home more information about activities from Lori Anne Tormey. We are looking for parent volunteers to be Mystery readers, who would read a story in a different language. Please phone the school if you can help.

MINDFULNESS

As part of our School Improvement Plan we are developing Nurture throughout the nursery and school. We have our new tannoy system up and running. This will enable us to play mindfulness music through the school, nursery and in the playground. We have been working with a company called Dobe Mindful. They will be running a parent workshop on Wednesday 19th February at 1.30pm. More information will follow.

STEM ACTIVITIES

Our pupils have been enjoying lots of opportunities to participate in STEM activities. David Stafford our P7 teacher has been running an Engineering Citizenship Group. P6 and P7 children have been enjoying workshops at West College Scotland. Glasgow Science Centre has hosted every pupil from the school and have been doing workshops with children and training with teachers in the school. The next activity will be a family workshop on Thursday 27th February at 3pm. We will send out more information nearer the time.
