

Home Learning 2025-2026

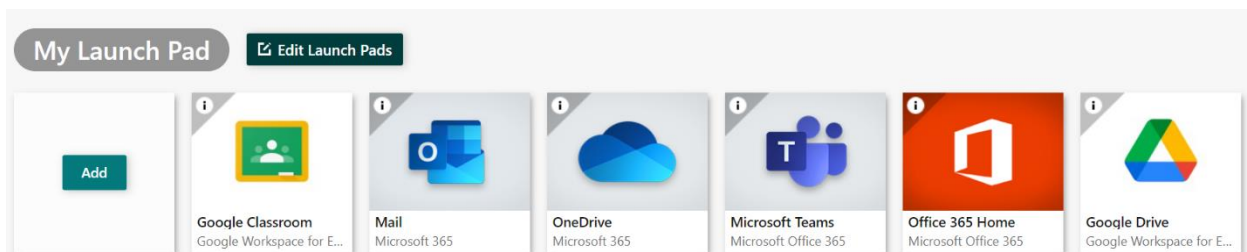

Home Learning tasks for Primary 4 – 7 will be posted weekly by class teachers on Microsoft Teams. Pupils can access this through a tile on Glow.

Step 1. Log in to Glow.

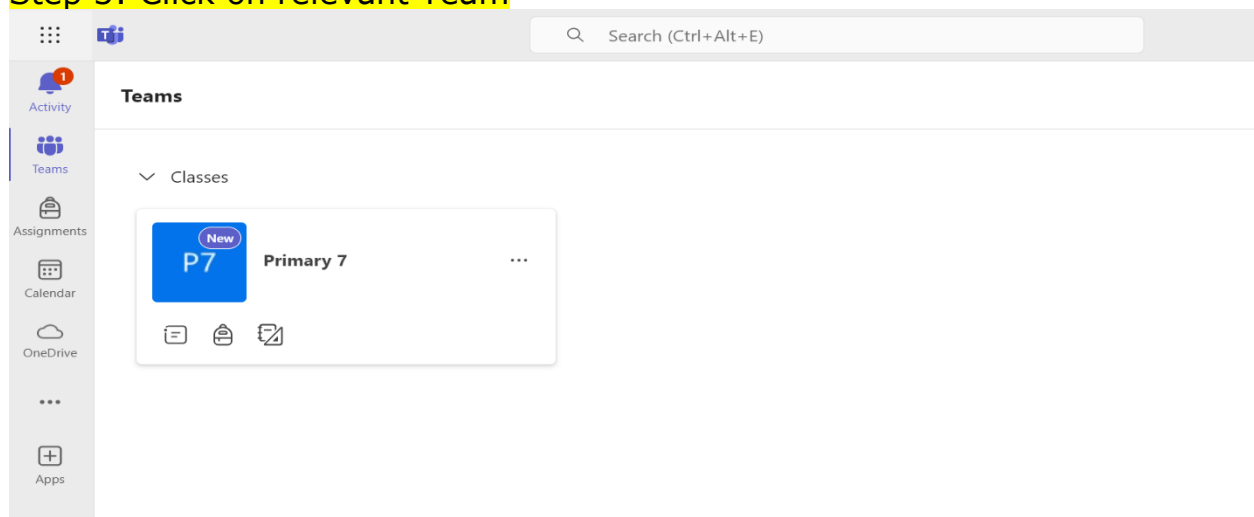

Glow can be searched in Google search bar. Pupils have their own Glow username and password. This is the same as the username and password used in school. Pupils should log into Glow using these details.

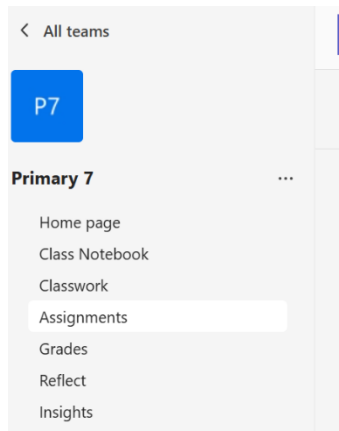

Step 2. Choose the Microsoft Teams tile.

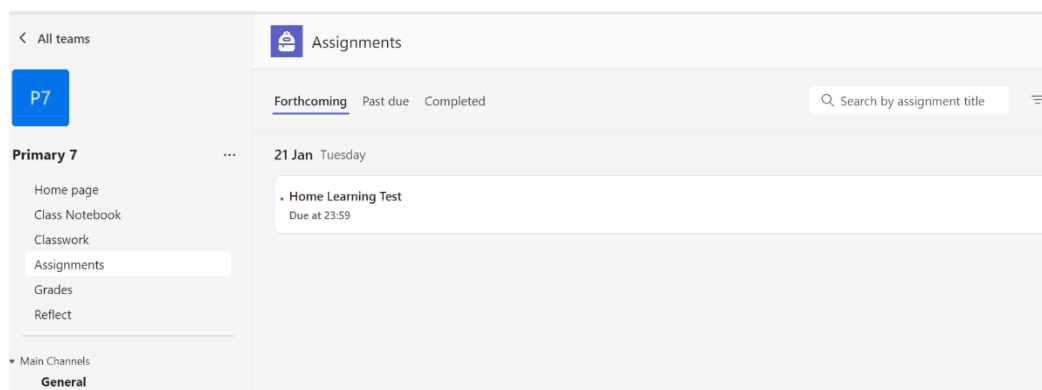

(Tip – Download Teams app on pupil personal devices. This should eliminate any problems with parent and pupil accounts)

Step 3: Click on relevant Team

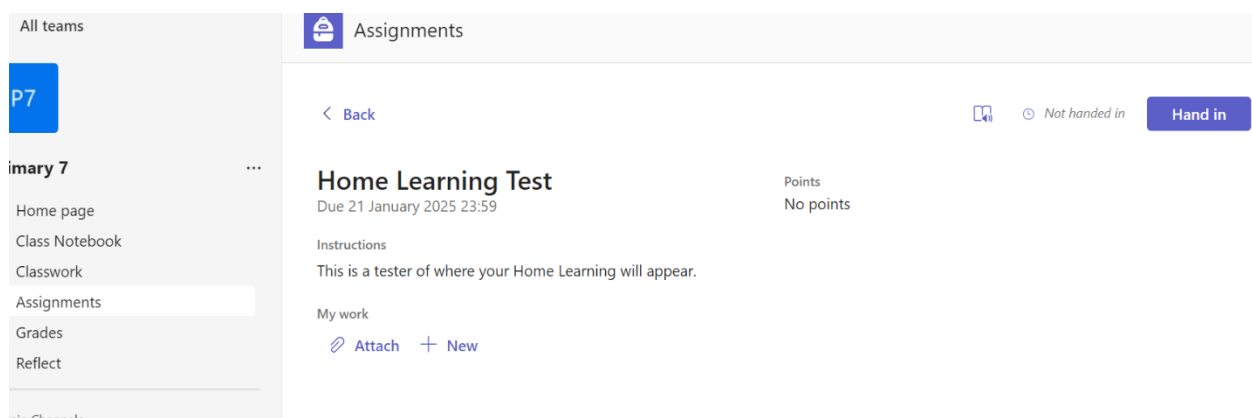

Step 5: Tasks will be shown on screen.

Step 6: Click on task to be completed.

Home Learning tasks should be completed in the jotter provided and handed in to class on Friday morning each week. By completing tasks in this way, Primary 4-7 pupils will be familiar with the app before using it in High School.
