

At St David's, we know that parents and families are the biggest influence on their children's development. Our Home Shared Learning approach is designed to support a home school partnership, which replaces traditional homework and creates an opportunity for families and school to work together, so that our children can do better.

This month we will be learning about...

We are continuing with our Jolly Phonics and will be revising all learned sounds. We will also be writing through our Dive Into Writing programme to develop our writing skills. Our class has recently been turned into a café and is now changing to a shop from the children's interests. This is helping us with our new Numeracy topic – money.
