

In Autumn

I see the leaves changing colour and
squirrels saving food for winter,

I hear the squelching mud and
fireworks popping with a big bang,

I taste sweet and chewy caramel
toffee apples with warming creamy
marshmallowy hot chocolate,

I smell the yummy baked potatoes and
the smoke from the fireworks,

I can touch the wet grass, the squishy,
splashy mud and the slidy wet leaves,

I feel excited for Halloween parties,
happy for trick-or-treating, costumes
and candy.
