

This month we will be learning about... This month we will be learning about... In Numeracy we are continuing the number processes of multiplication and division. In Literacy and English our focus will be on reading, selecting information and exploring fact and opinion. In Literacy we will be learning to take notes in order to *help with comprehension, retaining information, developing ideas and exploring problems. This will build confidence in the children's written work and writing skills.*

Our New Topic chosen by the class is This is Our World, Its Time to Care!

At St David's, we know that parents and families are the biggest influence on their children's development. Our Home Shared Learning approach is designed to support a home school partnership, which replaces traditional homework and creates an opportunity for families and school to work together, so that our children can do better.

Reading	Discuss likes and dislikes about your book	What puzzles you about your book?	What connections can you make between your book and the real world?	
Literacy & Modern Foreign Languages	When reading at home look for new, interesting or unfamiliar words. Look up the meanings of these words and try and include them in a sentence. Try writing a Paragraph including your new words.	Look for interesting articles, television programmes, news or adverts which talk about environmental issues locally and or globally. Write down, cut out or draw what you have learned, in order to share this with the class.	Choose an environmental issue or endangered species that you would like to do a mini personal topic on. Use headings to help you in your mini topic. E.g. Pollution... If you need paper or poly-pockets just let me know.	We will be looking at foods, colours and pets in our Spanish lessons. Practice new vocabulary at home. A good website to help with this is in the link below. https://www.spanish-games.net > spanishgames
Numeracy	Play "What's the Missing Number" Have someone write out the tables but leave some numbers missing. e.g. $_ \times 6 = 42$, or $5 \times 5 = _$ You fill in the blanks.	Practice writing Tenths as a fraction and as a decimal fraction. e.g. $\frac{1}{10} = 0.1$ Partition a range of whole numbers and decimal fractions to one and two decimal places. E.g. $3.6 = 3$ ones and 6 tenths = 36 tenths.	Without a calculator Practice multiplying and dividing 3 and 4 digit numbers with remainders. You can use partitioning to help you.	Keep up your work in addition (with carrying) and subtraction (with borrowing), using 3-5 digit numbers. Eg $4679 + 3897$
Other Curriculum Areas	Ask someone to help you make a fat seed ball to help feed the birds. You can even recycle your pumkin from Halloween, birds and squirrels love them.	In PATHS we have been focussing on the difference between feelings and behaviours. Think about times you've maybe been angry and made the wrong choices, think what could you have done differently !	On the 30 th November we celebrate the feast day of St Andrew. St Andrew is the patron Saint of Scotland, find out why there is a connection to the Scottish saltire flag and the life of St Andrew.	We are beginning our new topic on "This is Our World! Its Time to Care!" (Pollution and Climate change. Write down 3 ways and draw a poster which shows what you can do to help our environment.
Family Activities	Book Week Scotland 18-24th November 2019 Where is the strangest place you can read a book? Take a picture and post it on our Facebook page!	Anti-bullying Week 11-15th November 2019 Can you #choosekindness and carry out a random act of kindness every day this month? Tell Miss Munro what you have done!	Help with the housework around the house. Keep your own bedroom tidy but help out with some other tasks too. Is there something you could take on as your responsibility all the time?	Play a board game or card game with your family. Are there any games you could teach the rest of your class or your teacher?

If you have any questions, why not use the Family Start or Finish to discuss with your child's Class Teacher?

What have you been doing out of school this month?

What have you liked/disliked about your home learning this month?

How does your class/school work link to your home learning?

Ask me about.....
