Numeracy

Time to show someone your bunny ears! Using your fingers, find as many ways to make the number 1, 2, 3, 4, 5, 6 and 7.

Eg. To make three you could put 3 fingers up on one hand and zero on the other. You could also put 1 finger up on one hand and two on the other.

Numeracy

Spend a little time practising your counting skills on the online game Sumdog. Passwords are on Seesaw.

Numeracy

Practise writing the numbers 7, 8 and 9. You could use pencil, paint, chalk or even pasta. See if you can find any of the numbers 7,8 and 9 in your own house!

Remember to practise your counting each day.

RE

We have been talking about what
makes us special. Tell someone in the
house what makes you special, what
are you good at. God gave us many
different talents and made us unique.
Listen to this song and see if you can
sing along or even create some actions.
