

P.6 Term 4 in a Nutshell

Interdisciplinary Learning

This term, Miss Ainsworth focused on pupil voice, meaning the children had more influence over their learning. Out of a large selection, primary 6 chose their new topic for this term and they chose film and media studies! We have really enjoyed writing film reviews, creating our own film studios, writing scripts, editing videos and producing our own film. We have loved incorporating lots of aspects of literacy, IT, the expressive arts, health and wellbeing and maths to have a better understanding of this topic. Our favourite task has been creating short documentaries for our little buddies coming in August. We really are talented script-writers, actors, prop-makers, costume designers and editors! Thanks to this topic, our confidence has grown!

Mathematics

We have had a busy maths term and we have learned about a plethora of subjects. For example, primary 6 focused on calculating the area, volume and perimeter of shapes. We have learned how to calculate speed, distance and time and learned about effective ways to use measurement. We have also been revising a lot this term and the children are fantastic at reflecting on what they want to work on.

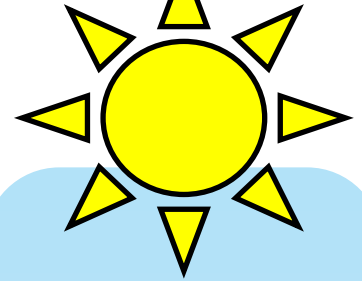

We have also been focusing on Number Talks and can explain our mathematical processes much better now! We have been listening to others and worked hard to multiply and divide in our head using the most effective and efficient techniques.

Literacy

We have maintained our approach for spelling this term as it was such a success last term! We really love this new way of working.

For writing, we have loved developing lots of our skills. We have focused a lot on adding parenthesis into our writing and liked sentence stacking as we are always able to improve each week.

P6 have adored their class novel and been excited to read on. The class chose to read 'Holes' by Louis Sachar. It has been a great novel for lots of active

Our thoughts...

I think I have gotten better at handwriting this term. At the start, it was sometimes hard to read but now it is better. I really loved meeting my buddies this term.

I have really improved at badminton and creative writing. I loved going to Lochgoilhead!

I have improved with my handwriting, I like loopy writing because it is very fancy. I like the new book 'Holes' this term! It is really interesting.

I have improved on fractions and comprehension. I loved finishing 'The Nowhere Emporium'! I want to read 'The Elsewhere Emporium' because I liked it so much.

I think I have become amazing at writing. I always add in punctuation and really great words. I liked going to Lochgoilhead because I liked the crate stack. I also really liked learning about Film and Media.

Health and Wellbeing

This term, we have been working on our team working skills in striking and hitting games. This has included cricket, rounders and a merge of a few striking games! We like to get creative and come up with our own rules as we learn more about other sports.

We have worked very hard on PATHS this term. The p6 class have been learning all about caring for others and ways we can prevent uncaring acts such as gossiping. We have been very mature and had great discussions.
