

# P.3.2 Term 1 in a Nutshell

## Literacy

We have been following the 'Talk for Writing framework.' Our main story has been Sayeeda, the Pirate Princess. P3.2 have loved following Sayeeda's adventures. We have been working hard to create a story about Sayeeda's brother and his exciting adventures.

Sayeeda's story has a connection to our topic study, in which we explored an assortment of fascinating facts about pirates.

This term, Primary 3.2 are also the Literacy/Library Committee in school. We have spent time creating a logo for our committee. Our peers have read a variety of stories to us and we have enjoyed hearing them read to the class.

## Science and Numeracy

In Science this term, we were learning about water, what fun it can be and also how dangerous it is when we don't take time to stop, think and make sure it is safe. We learned that it is good to learn how to float in the water in case we ever start to struggle. We know that we should always have an adult with us when we play in or near water.

Numeracy work on Tens and Units for P2 and Hundreds, tens and Units for P3 is progressing well and we

are becoming quick at adding and subtracting hundreds or tens from three and two digit numbers.

### Our thoughts...

'I liked planning a story about Sayeeda's brother's adventures.' Isabella

'I liked doing my addition sums, this term.' Grace

'My favourite part was creating the parrots for our wall display.'

'I also loved learning about the different animals that helped Sayeeda in her story.' Sarah

'I have loved creating the pirate ships. I also enjoyed learning more about numbers and working with bigger numbers in my workbook.' James

'I enjoyed learning about pirate ships and creating our own.'

Harvey

## Art and Design

We have been creating lots of artwork related to our topic on Pirates. We have created our own pirate ships and self-portraits of ourselves as a fierce pirate. **ARRRGH!**

## Technology

In ICT, we have been learning how to log on to our GLOW account with our email and password. We have been using Class Dojo and having fun making our own characters. Additionally, we have looked at several images of pirates by conducting some research on the laptops with partners.

## R.E.

October is a month of devotion to Mary.

We had a lovely visit from Sr. Mary Francis in the class, where she showed us the rosary beads. We were so respectful!
