

## P7 Term in a Nutshell -Term 1

P7 have had a busy term with exciting things happening such as the Gryffe 3K Fun Run, Cross Country event and a transition visit to St. Benedict's High School. Some of us have also become House Captains and UNCRC Ambassadors.

### Literacy

In Literacy, we have been working hard on developing our descriptive techniques such as similes, metaphors, personification and onomatopoeia to write a warning story.

### Science

We have been learning about biodiversity and the life cycle of different animals. We learned how to use keys to classify animals and also enjoyed some outdoor learning to find a variety of wildlife outside.

### HWB

This term Primary 7 have developed a strong understanding of growth mindset and the importance of resilience within our learning. We can recognise when we are faced with a problem and have a bank of strategies we

can use to solve them.

### Being a Primary 1 Buddy

We have enjoyed the responsibility of being a Primary 1 buddy. We have spent time building positive relationships with our buddies and helping them to settle in to school this term.

### Our thoughts...

Eve O: 'The fun run was exhausting but fun, at the end we got a medal to celebrate our achievement.'

Ben A: 'I have enjoyed being a buddy because it is fun and I enjoyed the Gryffe Fun Run.'

Rebecca C: Being a P1 buddy is so enjoyable. I am a right ambassador and it is very special and I like it very much. I can't wait for term 2'

Max C: 'I have really enjoyed writing warning stories.'

Jacob: 'I enjoyed the Gryffe Fun Run because it was something different.'

Leon D: 'I have enjoyed the responsibilities of being the House Captain of Margaret.'

Leon L: 'I liked science a lot this term because we got to look at bugs.'

Freya Y: 'I really enjoyed the transition day at St. Benedict's because it gave me a chance to see all the classes.'

**Have a lovely October Holiday!**
