

We're exploring opportunities for additional funding to help us create the best possible environment for our children. We are looking into local and national grants that could be available to us.

If you own a business, work for an organisation that supports community projects, or know of a company that offers grants, sponsorship or charitable contributions, we would be grateful if you could consider supporting this outdoor learning programme for all our children and children to come.

Contributions could help us with:

- Enhancing our playground areas.
- Solar panels for our outdoor learning classroom.
- Purchasing resources and equipment.
- Develop nature, gardening and sustainable projects.
- Create engaging spaces that inspire curiosity and creativity.

Even small contributions can make a meaningful difference to our children's learning experiences.

We are also looking for outdoor toys such as:

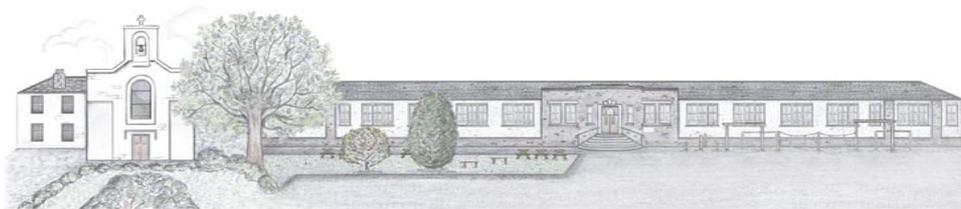

- Buckets
- Spades
- Trucks
- Watering cans
- Outdoor playsets
- Or other gardens toys

We would be delighted to give them a new home at school.

If you have anything you'd like to pass on, please drop it off at the school office or let us know.

We would like to involve our parent community. If you have

- Time
- Relevant skills – such as gardening, joinery, painting, general labour
- Materials that could support outdoor activities

St FILLAN'S
Parent Focus Group

We'd be delighted to hear from you!

Phone: Jennifer Parsons 07871 515992

Thank you for your continued support.
Every little contribution helps make our outdoor spaces even
more exciting for our children ♡
