Welcome from the Head Teacher

Dear Parent,

Welcome to the learning community of St John Bosco Primary school and Early Learning and Childcare Class. We look forward to working with you and your child as your child embarks on their learning journey to school and beyond.

We hope that the information in this handbook gives you a flavour of our school and what happens here in St John Bosco Primary.

St John Bosco Primary aims to provide a quality learning experience for all our children, challenging and supporting them to achieve their full potential in a Catholic context. We are proud of our wonderful school, and we believe that our children are the best ambassadors of our school.

Please find below a selection of comments from our children which will give you a flavour of our school.

"It's a school full of joy".

"Amazing it's the best place to learn and the teachers are so nice".

"Teachers are always honest with us and give us the best advice."

"We have a huge playground and open plan classrooms".

"We are a big family at SJB".

We look forward to welcoming you and your child to our school community.

Yours Sincerely,

Lynsey Gardyne

AWARDS SCOTLAND

School Aims

School Vision and Values

Our vision for St John Bosco Primary School is for everyone to be safe, happy and learning in an environment where each individual is respected and loved for who they are, and where Christ is at the centre of our daily lives. We are a school that:

- Builds relationships based on love and compassion.
- Values families as partners in their child’s learning.
- Is ambitious for all of our pupils, our school journey can take us anywhere.
- Ensures children are stimulated, engaged and challenged.
- Is a community of Faith, we Share Jesus’ Beliefs, and this is reflected in our Values.

Values

Our school values are

Kindness Inclusion Support Compassion

School Mottos

St John Bosco Primary is known locally by many as ‘SJB’. Our pupils, staff and parents have worked to come up with our 4 school mottos which we believe reflects the vision of our school:

School	Sharing	Safety	Striving for
Journey	Jesus	Justice & excellent	Joy &
Begins	Beliefs	Behaviour	Brilliance

Our Values

More than 4,000 voices including our staff, local residents, partners, young people and community groups helped identify the values most important to us all that describe our promise to our communities, staff and partners and what people can expect of us.

These values have been formally adopted by Renfrewshire Council and will guide how we deliver services and make decisions every day.

- We are **fair**. We treat each other and everyone we deal with respectfully and work hard to build trust in Renfrewshire Council
- We are **helpful**. We care about getting things right and are always approachable
- We are great **collaborators**. We work as one team and with people who care about this place
- We value **learning** to help us innovate, improve and deliver better services

Service Pledges

Standards and expectations

We will:

- offer all children and young people in our catchment area a free school place
- provide school premises which meet health and safety standards
- provide information on your child's progress
- provide religious and moral education for your child
- give support and encouragement for parents to be involved in school life
- provide regular information on school activities
- provide 25 hours of class contact time in each normal school week for pupils of primary-school age

Pupils will have opportunities for:

- personal and social development
- music, cultural activities and creativity
- access to healthier lifestyles and sports activities
- community involvement

You can also expect us to:

- provide formal written reports on your child's progress
- provide an annual report on school progress within our Standards and Quality Report
- give you an opportunity to have a formal meeting with your child's class teacher
- strive to meet your child's needs

How can you help?

By law, you must make sure your child receives an education.

As a parent/carer, you can help your child by:

- making sure your child goes to school regularly
- encouraging and supporting your child with any homework/home study given
- encouraging your child to respect the school and the whole school community
- being involved in the school

The Education (Scotland) Act 1980 uses the broadly framed definition of 'parent'. This is as follows:

“Parent” includes guardian and any person who is liable to maintain or has parental responsibilities (within the meaning of section (13) of the Children (Scotland) Act 1995) in relation to, or has care of a child or young person.

This is a wide definition which might, by way of example, include:

- non-resident parents who are liable to maintain or have parental responsibilities in respect of a child
- carers who can be parents
- others with parental responsibilities, e.g. foster carers, relatives and friends who are caring for children and young people under supervision arrangements
- close relatives, such as siblings or grandparents caring for children who are not looked after or are under home supervision arrangements

Everyone who is a parent, as defined in terms of the 1980 Act, has rights under the Act. This includes the right to receive advice and information about their child’s education, general information about the school, to be told about meetings involving their child, and to participate in activities, such as taking part in decisions relating to a Parent Council. Education authorities and schools should treat parents equally, the exception to this general requirement being where there is a court order limiting an individual’s exercise of parental rights and responsibilities. It is for education authorities to advise schools on the application of these rights in individual cases.

- Thursday 02 May 2024

School dress

Renfrewshire Council encourages each school to adopt a dress code and for any proposed changes to be discussed with parents, pupils and the parent council. The council supports an agreed dress code because of the benefits it brings, including improvements in safety, security, discipline, ethos and community spirit, and a decrease in bullying and expense for parents.

The school uniform at St John Bosco Primary is as follows:

Boys:

Blue blazer/blue fleece jacket with school badge, grey trousers, blue shirt, school tie, grey pullover

Boys PE: Blue shorts, St John Bosco branded PE top, no jewellery

Girls:

Blue blazer/blue fleece jacket with school badge, grey skirt / grey trousers, blue shirt, school tie, grey pullover/cardigan,

Girls PE: Blue shorts, St John Bosco branded PE top, no jewellery

Jewellery should be kept to a minimum and wherever possible, should not be worn to school.

Some types of clothing will not be allowed in school for reasons of safety, decency or indiscipline. Types of clothing which will not be allowed include:

- clothes which are a health or safety risk
- clothes which may damage the school building
- clothes which may provoke other pupils
- clothes which are offensive or indecent
- clothes which encourage the use of alcohol or tobacco, or other inappropriate substances

Pupils will not be deprived of education, any benefit or access to examinations because of not wearing school uniform.

In the interests of health and safety, of both individual and others present, all jewellery, including body jewellery, must be removed before taking part in physical education lessons or physical activities. This includes watches, rings, chains and belts with metal buckles and other body jewellery and must all be removed before the physical education lesson, as these may cause injury to the wearer and others.

It is preferred that parents are advised that any child having body jewellery piercing wait until the summer break to allow them time to heal.

Grants for footwear and clothing for children are available to parents receiving certain benefits. Please see the council's website:

<http://www.renfrewshire.gov.uk/Freeschoolmealsandclothinggrants>

Information and application forms for free school meals are available from schools, registration offices and customer service centres. A form can be downloaded from the council's website: <http://www.renfrewshire.gov.uk/Freeschoolmealsandclothinggrants>

Please help the school and the education authority by making sure that pupils do not bring valuable or expensive items of clothing to school. The council has no insurance to cover the loss of valuable items.

Registration and Enrolment

The date for registration of new school entrants is advertised in all local nurseries, national and local press and on the council's website www.renfrewshire.gov.uk. It is normally in November each year. Pupils should be registered in only one school for their catchment area. Parents will be provided with information about the school when they register their child.

Parents who want to send their child to a school other than the catchment school must make a placing request. Information on how to make a placing request is contained in the leaflet 'Sending your child to school.' The leaflet is available from any school, by phoning our customer contact centre on 0300 300 0300, or on our website www.renfrewshire.gov.uk. It is important to note that a successful placing request into a primary school does not guarantee a successful placing request when a child is transferring to secondary school.

Parents of pupils who have moved into the catchment area or, who wish their child to transfer to the school, should contact the school office for information.

Induction procedures for pupils starting school and their parents

Parents will be advised of parent meetings and pupil induction days during the spring and summer terms.

During the summer term, parents are invited to bring new entrants to school for induction visits so that they can meet the teachers and the children who will be in their class. The children are then invited to spend some time visiting primary one whilst staff talk with parents about life in Primary 1. At this meeting we try to give a general overview of the curriculum, provide details of the first few weeks in school and offer the opportunity to order school uniform. It is also a good opportunity for parents to get to know each other. Information on our active and supportive parent council will also be shared. If your child requires an enhanced transition to school this will be arranged following discussion with parents and school staff.

Class Organisation

Pupils are organised within single year classes or in composite classes which contain more than one year. Schools are staffed to agreed standards based on the total number of pupils within the school, regardless of the numbers of pupils at each year stage. This means that

classes need to be organised to make best use of available staff, resources and space. Balancing up the various factors involves both educational and organisational considerations. In all classes pupils working at broadly the pace and level in language and/or mathematics are grouped together. This arrangement uses teaching resources most effectively.

When a composite class is being formed, specific criteria have been provided by the council. In forming new classes full account must be taken of existing groupings of pupils. School should use literacy and/or numeracy groupings as the basis for allocating children to classes. Within this broad guideline a literacy of numeracy working group could be described at:

“A number of pupils of broadly the same attainment who show the capacity of working well as a learning group”.

Where a single year Primary 1 class and a composite Primary 1/2 class are being formed, the Head Teacher, Primary 1 class teacher and pre-5 colleagues will make use of their professional judgement and all available information to form the two classes. The school makes every effort to involve pupils in any one year group in activities which bring the whole year group together. In this way pupils are able to continue to identify with children of the same age especially at important times such as transfer to secondary school. Normally classes will be formed before the start of a new school year so that all involved know what class structures exist for the new school session.

Currently we have 10 classes across our school:

Primary 1, Primary 2/1, Primary 2, Primary 3, Primary 4, Primary 4/5, Primary 5/6, Primary 6 Primary 7a & Primary 7b.

Class composition varies each session and is in accordance with Renfrewshire Council policy as outlined above.

Assessment and Reporting

Assessments are an integral part of learning and teaching. It helps provide a picture of the learner's progress and achievements and identifies the next steps in learning.

Assessment includes supporting learning, learner engagement and ensuring appropriate support.

Tracking Learners' Progress

Information on learners' progress is gathered through planned assessments and this information is recorded. This allows teachers to have a clear picture of how learners are progressing. It will also allow teachers to identify next steps in learning and inform reporting on progress and achievement.

Summary of the School Improvement Plan

The link below will take you to a full copy of our School Improvement Plan 2023-24

<mailto:file:///X:/SMT/SIP/SIP%202023-24/FINAL%20version%20SIP%202023-24/School%20Improvement%20Plan%20St%20John%20Bosco%20primary%20school%20and%20ELC%20Class%202023-24.pdf>

School Aims

Improvement objectives & Quality indicators

Priorities for 2023- 2024

We believe that we have made very good progress during session 2022 - 23 and we will use the improvement priorities listed below to build on this progress moving forward.

Priority 1 – Raise attainment in Literacy with a priority focus on Writing and Reading

- Talk for Writing approach will be embedded across the school, this will have a positive impact on attainment in writing for all learners, including target groups.
- A new reading resource, Accelerate Reading, will be introduced for learners in primaries 4 – 7.
- In our ELC Class the Talk for Writing approach will be implemented along with our ongoing participation in the Dollybration, Imagination Library, this will improve early literacy skills for our children.

Priority 2 - Raise attainment in Numeracy.

- Maths Recovery targeted approach will be implemented throughout the school.
- In our ELC Class SEAL numeracy strategies will be used to develop children's knowledge of number, pattern, and shape.

Priority 3 -Improve health and wellbeing for all pupils, with a particular focus on inclusion.

- Within our school all teaching & support staff will be trained in Renfrewshire Inclusive Classroom Environments (RICE)
- Within our ELC Class all staff will be trained in the nurture principle, 'All Behaviour is Communication'. All pre school children will have the opportunity to participate in a 6-week Forest Kindergarten learning programme.

Strategic Improvement Priorities

As part of Children's Services, St John Bosco Primary School and ELCC Class has developed our establishment improvement plan which provides a framework for how we intend to achieve Children' Services vision of working together to get it right for children, families and communities – Protecting, learning, achieving and nurturing. Children's Services has an agreed set of priorities which will work towards:

- We are reducing inequalities and delivering improved outcomes for children and young people;
- High quality learning and teaching and quality of care is taking place in all our schools and establishments;
- Self-evaluation and performance improvement are embedded throughout the services;
- Levels of attainment and achievement are improving for all children and young people;
- High numbers of our young people are entering positive and sustainable postschool destinations; and
- Vulnerable children and adults live as safely as possible within local communities

We also have to take account of the Scottish Government's national improvement framework which provides a vision for education in Scotland, namely to:

- Improve attainment, particularly in literacy and numeracy;
- Close the attainment gap between the most and least disadvantage pupils;
- Improve children's health and wellbeing; and
- Improve children and young people's employability skills so that they move into positive and sustained destinations. The priorities within this plan take into account both national and local priorities and our school priorities.

The Scottish Attainment Challenge

Attainment Challenge and Pupil Equity Funding (PEF)

The Scottish Attainment Challenge, launched in 2015, is about achieving equity in education. This can be achieved by ensuring every child has the same opportunity to succeed. Renfrewshire is one of nine 'challenge authorities' who have received funding to improve literacy and numeracy and health and wellbeing, with a particular focus on closing the poverty-related attainment gap.

The Pupil Equity Fund (PEF) is being provided as part of the Attainment Scotland Fund. The PEF is allocated directly to schools and targeted at closing the poverty related attainment gap. Every council area is benefitting from the fund and is based on the number of pupils in P1-S3 known to be eligible for free school meals. The funding is to be spent at the discretion of the head teacher working in partnership with parents, pupils and staff to devise plans which focus on closing the poverty-related attainment gap.

Transfer to Secondary School

Pupils normally transfer to secondary school between eleven and a half and twelve and a half years of age, so that they will have the opportunity to complete at least four years of secondary education. Parents will be informed of the arrangements no later than December of the year before the date of transfer.

Parents who want to send their child to a school other than the catchment school must make a placing request. Information on how to make a placing request is contained in the leaflet 'Sending your child to school.' It is important to note that a successful placing request into a primary school does not guarantee a successful placing request when a child is transferring to secondary school.

St John Bosco Primary School is an associated primary school of Trinity High School.

Head teacher Mr. Paul Marshall telephone: 0300 300 1444

Early Learning and Childcare Class of St John Bosco Primary School

The school's early learning and childcare class provides 120 places for children aged 3 - 5 years and 15 places for eligible children aged 2 years. Children are entitled to 1140 hours of early learning and childcare per year. The pattern of attendance varies across the week. We offer a variety of morning sessions, afternoon sessions, full day term time sessions and 2.5 days per week sessions.

Children are eligible for entry to the nursery after their third birthday (dependent on their month of birth). Starting dates for children born on or between 1 March to 31 August will start Autumn term (August). If your child was born outwith these dates then they would start the month after their third birthday, e.g. child born on or between 1 to 30 September would start in October.

Some children aged two years are eligible for a funded place if their parent is in receipt of qualifying benefits. They are eligible to start from the term after their second birthday:

Term 1 - children born March to August will be eligible from August term that year.

Term 2 - children born September to December will be eligible from January following their birthday.

Term 3 - children born January and February will be eligible from April following their birthday.

To see if your child is eligible, please contact the school for further information or on the Council website <http://www.renfrewshire.gov.uk/1140ELC>

Application forms for an early learning and childcare place are available on the Council website <http://www.renfrewshire.gov.uk/2yearolds>

Admission to Nursery

Early learning and childcare provision is non-denominational. Placement in the early learning and childcare class does not guarantee a place in the primary school if a placing request is necessary. All Renfrewshire early learning and childcare classes adhere to the council's admission policy and all applications are dealt with in line with its guidelines.

The head teacher of St John Bosco primary school and ELC class is chair of the local admissions panel which is made up of ELC classes and partnership nurseries across the Erskine, Bishopton and Inchinnan area. All applications are discussed at a meeting of this panel and agreement about the allocation of places is made by the members. Parents will

receive notification when their child is allocated a place and information will accompany this about starting dates and times.

Normally children will start at the appropriate time in the term after their third birthday. In some circumstances children may be eligible for a place after their second birthday.

Transfer to Primary

Before leaving their early learning and childcare class, a transfer of information record for each child will be prepared by staff to ensure a smooth transition and continuity of education for the child transferring to primary.

Car parking

2 dedicated parking spaces have been created to ease access for people with disabilities. Please do not use this space/these spaces without authorisation.

Care and welfare

Your child's welfare is central to the ethos of the school. Please contact the school to share any concerns you have about your child's welfare or wellbeing. The staff will work with you as parents to make sure children are safe, happy and able to benefit from the educational opportunities we offer.

School security

Renfrewshire Council has introduced procedures to ensure the safety and security of pupils and staff when attending or working in a school. We use a number of security measures including a visitors' sign in book, badges and escorts, while visitors are within the school building. Normally, anyone visiting a school for any reason, will be asked to report to the school office. The school staff can then make the necessary arrangements for the visit.

Attendance and

absence

It is the responsibility of parents of a child of school age to make sure that their child is educated. Attendance is recorded twice a day, morning and afternoon.

Regular attendance at nursery helps prepare children for their transition to school, Regular attendance is beneficial for children as this helps them to establish positive relationships with staff, build friendships with other children and establish a routine, all of which also help prepare children for school.

Please let the school or ELC Class know by letter or phone if your child is likely to be absent for some time and provide your child with a note on his or her return to school, confirming the reason for absence. If there is no explanation provided from a child's parents, the absence will be regarded as unauthorised.

Please make every effort to avoid family holidays during term time as this disrupts your child's education and reduces learning time. The head teacher can approve absence from school for a family holiday in certain extraordinary situations. Please discuss your plans with the head teacher before the holiday. Absence approved by the head teacher on this basis is regarded as authorised absence. If the head teacher does not give permission before the holiday, it will be recorded as unauthorised absence.

Parents from minority ethnic religious communities may request that their children be permitted to be absent from school to celebrate recognised religious events. Absence approved by the head teacher on this basis is regarded as authorised absence. Extended leave can also be granted on request for families returning to their country of origin for cultural or care reasons.

A supportive approach is taken to unexplained absence. The education authority, however, has legal powers to write to, interview or prosecute parents, or refer pupils to the Reporter to the Children's Panel, if necessary.

Bullying

Renfrewshire Council has an anti-bullying policy which was developed in consultation with pupils, parents and staff. The policy provides guidance on the prevention, identification and management of bullying – both the bullying behaviour and the impact it has.

Our school also has its own anti-bullying policy which sets out our local approach to tackling bullying. You can request a copy of the Council's policy and/or the school's policy from the school office or access them online at <http://www.renfrewshire.gov.uk/article/3469/Anti-bullying>

If you have a specific concern about bullying, please report this to the school so that we can investigate and take any action that might be needed.

Safeguarding including child protection

All children have a right to be protected from harm, abuse and neglect. The vision of the Renfrewshire Child Protection Committee is that "it's everyone's job to make sure that children in Renfrewshire are safe."

Renfrewshire Council has a child protection policy and guidelines in place to make sure that all staff receive training each year and are confident in responding to any child protection or safeguarding issue, including e-safeguarding, child sexual exploitation and radicalisation. Staff ensure the wellbeing of children they come into contact with and work closely with other agencies to protect children and keep them safe. All school staff must report any concerns they have about the welfare of children to the school's child protection co-ordinator.

Mobile phones

The benefits of mobile phones are recognised. Many young people and their parents regard them as an essential means of communication. Mobile phones can continue to be brought into schools; however, the following limitations will apply in Renfrewshire schools.

- All phones and Smart watches should be turned off and kept out of sight during the school day within the school campus.
- Photographing or recording of sound or images of staff, other pupils or visitors to the school is not allowed at any time within the school campus or on school transport.
- Mobile phones or Smart watches may be confiscated where these rules are broken.
- Any recordings made on school premises or school transport found on confiscated phones must be deleted on their return.
- Any photographs or recordings of staff in any situation, whether taken on school premises or elsewhere, found on confiscated phones must be deleted from phones or Smart watches on their return.
- Children's Services expects that schools will, through normal collegiate procedures, develop or review existing policies on the use of mobiles phones or Smart watches that take account of the views of all staff, parents and pupils.
- Schools should ensure that pupils, parents and staff are aware that should a pupil breach the policy, there will be consequences in line with the school's positive behaviour/discipline policy.
- Individual school policies should clearly state for the benefit of staff, pupils, parents and visitors any variations from the restrictions on use of mobile phones and Smart watches set out below.
- Pupils and parents should be notified that mobile phones and Smart watches will be confiscated where these limitations are breached.
- Smartphones introduce additional challenges for schools and parents. Pupils and parents should be aware that this also leaves pupils open to dangers such as cyber bullying, grooming and access to inappropriate material. Parents are encouraged to read anti-bullying policy for further guidance.
- Staff should not delete photographs or recordings from confiscated mobile phones or Smart watches.
- When staff confiscate mobile phones or other devices, they should ensure that these are retained in a safe place that cannot be accessed by others. This may be a lockable drawer or cupboard, a base area or a delegated area in the school office. Confiscated mobile phones should normally be passed to the school office or senior member of staff as soon as possible after confiscation.

Legal Aspects

- There are a number of aspects of the law that may apply to mobile phone misuse and the responses to that misuse. In the most serious cases there may be a crime involved – an incident that is being filmed might be an assault or breach of the peace. The misuse of a mobile phone might be an offence under the Communications Act

2003, if it involves a call or message that is grossly offensive or is of an indecent, obscene or menacing in character; and the distribution of certain pornography might be an offence under the Civic Government (Scotland) Act 1982.

- In situations which are so serious that a school might contact the police, it is for the police, and not the school to consider what, if any, criminal offence may apply.

These restrictions on use apply equally during any school activity that takes place off campus.

Pupils breaking the rules will be disciplined in line with the school's positive behaviour or discipline policy.

School meals

All Primary 1 – Primary 5 children are automatically entitled to a free school meal.

Children of parents receiving certain benefits, are entitled to a free midday meal. Information and application forms for free school meals are available from schools, registration offices, customer service centres or may be downloaded from the council's website:

<http://www.renfrewshire.gov.uk/schoolmeals>

Children who are also entitled to free school meals are entitled to free milk at lunchtime. Milk may also be on sale in the school during the lunch period.

School transport

Renfrewshire Council's current policy is to provide home to school transport to all primary school pupils who live more than 1.609 kilometres (1 mile) from their catchment school by the recognised shortest safe walking route. Parents who think they are eligible can get an application form from the school or Children's Services in Renfrewshire House, Paisley or online at <http://www.renfrewshire.gov.uk/article/3486/Home-to-school-transport>. These forms should be completed and returned before the end of February for those pupils beginning school in August to allow appropriate arrangements to be made. However, parents may make an application at any time.

In special circumstances, the Director of Children's Services has discretion to grant permission for pupils to travel in transport provided by the education authority, where spare places are available, at no additional cost to the authority.

Pick-up points

Where home to school transport is provided, some pupils will require to walk a reasonable distance from home to the transport pick-up point, but this should not exceed the authority's agreed limit of 1.6 kilometres (1 mile).

It is the parent's responsibility to make sure that their child arrives at the pick-up point on time and behaves in a safe and acceptable manner while boarding, travelling on and leaving the vehicle. Children who misbehave can lose their right to home to school transport.

Placing requests

You should be aware that if we grant your placing request, we are not required to provide a

school bus pass or any other help with transport.

Assisted support needs

Renfrewshire Council may provide home to school transport for children assessed to attend any school because of their Additional Support Needs. We also provide seat belt and wheelchair restraints needed to transport pupils.

Playground Supervision

An adult presence is provided in playgrounds at break times, as required by law.

Pupils leaving school premises at breaks

Schools have a duty to look after the welfare of their pupils. This includes taking reasonable care of pupils' safety during intervals and lunchtimes.

Renfrewshire Council recommends that pupils should not leave school grounds at intervals. Primary pupils should only leave at lunch times when they are going home for lunch, with their parents' agreement. Parents should encourage their children to follow these rules in the interests of safety.

Equalities

Renfrewshire Council is committed to ensuring that all employees, customers and partners are treated fairly and with respect at all times. We are committed to promoting equality and tackling discrimination through the way services are planned, delivered and purchased. The council promotes and encourages a culture whereby equality of opportunity exists across all the protected characteristics of age, disability, race, gender reassignment, pregnancy and maternity, religion and belief, marriage and civil partnership, sex and sexual orientation.

School education is open to all pupils and all reasonable measures will be taken to make sure that the curriculum is available to every child. The Equality Act 2010 introduced a new public sector general equality duty which requires Scottish public authorities to pay 'due regard' to the need to:

- Eliminate discrimination, victimisation, harassment or other unlawful conduct that is prohibited under the Equality Act 2010
- Advance equality of opportunity between people who share a characteristic and those who do not
- Foster good relations between people who share a relevant protected characteristic and those who do not

In line with UNCRC, in Renfrewshire we place the human rights and needs of every child and young person at the centre of education.

The council supports the right of each citizen to a quality of life which is free from violence, discrimination and harassment. The council will take steps to ensure that all citizens, regardless of race, ethnic or national origin, religion, social background, marital status, gender, disability, age or sexuality have full access to its services, taking all possible

measures to prevent discrimination in the way its services are delivered.

Parents can help to monitor our success in promoting equality of opportunity for all by providing equalities related information when asked.

Medical and Health Care

Medical examinations are carried out at various times during a child's primary school years. As parents, you will be given notice of these and encouraged to attend, except for vision and hearing tests and dental examinations. Parents will be told about any recommended action or treatment. All examinations are carried out by NHS Greater Glasgow and Clyde.

Parents should notify the school of any medical requirements or allergies that their child may have. Wherever possible, where a child requires medication, it is better if this is provided outside of school hours. In cases where it is necessary that the child receives medication during school hours, parents should contact the school to make appropriate arrangements. School staff are under no obligation to give medicines to pupils and staff will advise parents of local arrangements. Where appropriate, schools will support parents in helping children and young people learn the life skills which allow them to manage their own healthcare needs.

Minor accidents are dealt with by the school's qualified first aider(s) or appointed person. If a pupil takes ill or has an accident at school which requires that they be sent home or for treatment, the school will provide first aid and contact parents. It is very important that the school has up to date contact details for all parents and an additional contact person in case parents can't be contacted. This information should be current, and the school notified of any changes. We will not send children home from school unaccompanied.

In the event of a serious illness or accident, a member of staff will accompany the child to a doctor or hospital and parents will be notified immediately.

Religious Observance

Our school is fortunate to have a close link with our local parishes, St John Bosco parish, Erskine and Our Lady of Lourdes parish, Bishopton. Both Parish Priests assist with the denominational element of Religious and Moral Education and provide opportunities for religious observance, including Mass. Parents have the right to withdraw their child from religious observance and should inform the school in writing.

In addition, parents and carers from religions other than Christianity may request that their children may be permitted to be absent from school in order to celebrate recognised religious events. Only written requests detailing the proposed arrangements will be considered.

Managing positive behaviour

In St John Bosco we do our best to foster in the children our school values of kindness, support, inclusion and compassion. We promote this through our school mottos.

- **Safety, Justice and Excellent Behaviour**

- **Striving for Joy and Brilliance**

The high standards of behaviour that we expect are regularly discussed in classes and at assembly. Our positive behaviour strategy is underpinned by Renfrewshire Nurturing Relationships approach (RNRA) and our house system. We have four houses, each with a link to St John Bosco; Chieri, Turin, Becchi & Valdocco. Children from primary one to seven can earn points through good work, caring for others, kindness, respecting others and demonstrating our school values and the Gospel values in action every day.

Our policy reflects the documents Better Behaviour Better Learning in Renfrewshire.

We hope parents will support the work of the school by:

Encouraging their child to have a positive attitude towards education and a respect for those in authority.

Expecting a high standard of behaviour, both in and out of school.

Co-operating with the school in supporting their child.

Encouraging their child to uphold the ethos of the school.

Ensuring their children are punctual and regular attenders.

Checking and signing homework.

Wet weather arrangements

During inclement weather the pupils have their break indoors and an adult presence is provided to support.

Curriculum Matters

School curriculum

Scotland's curriculum – Curriculum for Excellence (CfE) – helps our children and young people gain the knowledge, skills and attributes needed for life in the 21st century.

Curriculum for Excellence places learners at the heart of education. At its centre are four fundamental capacities. These capacities reflect and recognise the lifelong nature of education and learning. The four capacities are aimed at helping children and young people to become:

- Successful learners
- Confident individuals
- Responsible citizens
- Effective contributors

The National Improvement Framework, updated annually, sets out the vision and priorities for Scottish education that have been agreed across the system, and the national improvement activity that needs to be undertaken to deliver those key priorities.

Crucially, it sets out a clear **vision** for Scottish Education:

- Excellence through raising attainment and improving outcomes: ensuring that every child and young person achieves the highest standards in literacy and numeracy, as well as the knowledge and skills necessary to shape their future as successful learners, confident individuals, responsible citizens, and effective contributors
- Achieving equity: ensuring every child and young person has the same opportunity to succeed, no matter their background or shared protected characteristics, with a particular focus on closing the poverty related attainment gap

The Key priorities of the National Improvement Framework are:

- Placing the human rights and needs of every child and young person at the centre of education
- Improvement in children and young people's health and wellbeing
- Closing the attainment gap between the most and least disadvantaged children and young people
- Improvement in skills and sustained, positive school-leaver destinations for all young people
- Improvement in attainment, particularly in literacy and numeracy

Curriculum for Excellence

Curriculum for Excellence – further information for parents/carers is available on the following websites:

- Education Scotland - <https://education.gov.scot/>

- Read/Write/Count - <http://www.readwritecount.scot/>
- Parent Club - <http://www.parentclub.scot/>

Getting it Right for Every Child (GIRFEC)

Getting it right for every child (GIRFEC) is the national approach in Scotland to improving outcomes and supporting the wellbeing of our children and young people by offering the right help at the right time from the right people. It supports them and their parent(s)/carers to work in partnership with the services that can help them.

All education staff have a statutory responsibility to promote and support the wellbeing of children and young people in their care. There are 8 wellbeing indicators and you can find out more about these here: <https://www.gov.scot/policies/girfec/wellbeing-indicators-shanarri/>

Additional Support for Learning

Inclusion

Renfrewshire's inclusive approach affords all children and young people the opportunity to be part of their learning community, boosting their emotional wellbeing and aiding the development of social skills. This approach is based on the core inclusive value of providing education for children within their own community as much as possible. Wellbeing assessment and individual planning is in place for all young people who require additional support.

Support

The needs of the child or young person should always be central to the identification, planning and provision of support. Support should be appropriate, proportionate and timely.

Universal support

Universal support starts with the ethos, climate and relationships within every learning environment. It is the responsibility of all practitioners and partners.

An environment which is caring, inclusive, fair and focused on delivering learning to meet individual needs will encourage all children and young people to strive to meet their learning potential.

Personal learning planning is at the heart of supporting learning. The conversations about learning, reviewing progress and planning next steps are central to this process. Planned opportunities for achievement which focus on the learning and progress made through activities across the full range of contexts and settings in which the curriculum is experienced also contribute to the universal aspect of support. In addition, all children and young people should have frequent and regular opportunities to discuss their learning and development with an adult who knows them well and with whom they have a mutually trusting relationship. This key member of staff has the holistic overview of the child or young person's learning and personal development.

Targeted support

Children and young people can benefit from additional or targeted support, tailored to their individual circumstances. This could be at any points of their learning journey or throughout the journey.

Barriers to learning may arise from specific learning difficulties, disability, social, emotional or behavioural needs, bereavement or family issues.

Targeted support also encompasses children and young people requiring more choices and more chances to achieve positive, sustained post-school destinations.

This 'targeted' support is usually, but not exclusively, delivered by staff with additional training and expertise.

Independent sources of information and advice nationally include -

Enquire – the Scottish advice service for additional support for learning

Telephone – 0345 123 2303

Email – info@enquire.org.uk

Resolve (Children in Scotland) - Resolve:ASL is an independent mediation service for parents and carers of children and young people with additional support needs.

Telephone – 07955 788967

Email – resolve@childreninscotland.org.uk

Educational Psychology Service

Educational Psychologists (EPs) support equity, inclusion and attainment and deliver evidence-based intervention to support pupils' wellbeing in Renfrewshire's schools, nurseries and other learning centres.

EPs work with teachers, parents and support staff to help children and young people make the most of their lives and support schools, nurseries and other learning centres to improve and develop supportive healthy learning environments through approaches such as the Renfrewshire Nurturing Relationships Approach, Language and Communication-Friendly Environments, Video Interaction Guidance and Non-Violent Resistance.

Our schools have a system in place for monitoring and reviewing the progress of all our young people and we have a link educational psychologist who visits on a regular basis and is part of the extended support team. When concerns are raised about a child or young person, the schools take action to address these concerns and may involve a link EP. Parental permission will always be obtained before we request to involve the link EP.

Health and Wellbeing Education

Learning in health and wellbeing ensures that children and young people develop the knowledge and understanding, skills, capabilities and attributes which they need for positive mental, emotional, social and physical wellbeing now and in the future. Learning through health and wellbeing enables children and young people to:

- make informed decisions in order to improve their mental, emotional, social and physical wellbeing
- experience challenge and enjoyment
- experience positive aspects of healthy living and activity for themselves
- apply their mental, emotional, social and physical skills to pursue a healthy lifestyle
- make a successful move to the next stage of education or work
- establish a pattern of health and wellbeing which will be sustained into adult life, and which will help to promote the health and wellbeing of the next generation of Scottish children and young people
- and, for some, perform at high levels in sport or prepare for careers within the health and leisure industries

Health and Wellbeing in schools covers:

- Mental, emotional, social and physical wellbeing
- Planning for choices and changes
- Physical education, physical activity and sport

- Food and health
- Substance misuse
- Relationships, sexual health and parenthood

Effective health and wellbeing education requires exchange of information, mutual support and collaboration with community partners, schools and parents.

Specialist support service – teachers teaching in more than one school

We have a number of teachers who work in nurseries and schools to provide specialist support to children and young people who have a range of additional support needs. These teachers work with teachers within the nursery or school to plan and deliver an appropriate curriculum. The service also provides staff development and advice on resources.

The teams support the additional needs of:

- children with a significant hearing and or visual impairment
- children with English as an additional language who are at the early stages of learning English
- care experienced children and young people and those experiencing discontinuity in their learning
- children and young people with a range of additional support needs

Homework

Homework is an integral part of learning and teaching. It provides children and young people with the opportunity to develop self-reliance, self-discipline, self-confidence and be responsible for their own learning. It also strengthens the link between home and school by supporting parents and carers to share in the learning process. Homework can take many forms and will reflect the age, stage and area of learning currently being undertaken by your child. It will be issued on a regular basis and will be varied, meaningful and interesting.

St John Bosco Primary has a homework policy based on Renfrewshire Council's policy and guidance. You can request a copy of this policy from the school office.

Pupils are normally given homework at every stage in the school. Work at home is encouraged for two reasons – it increases children's independent learning and it allows parents to work with their child. It also allows parents to see what work is being done in school. Pupils are given work which will help reinforce skills already taught. Homework should not take more than 15 – 30 minutes to complete and children should be stopped from working if they appear to be experiencing difficulty with it. A note to this effect in the homework diary would alert teachers to any problems. Work given includes reading, spelling, mathematics, written language work and research. It would be appreciated if parents would supervise the neatness and legibility of written homework and sign the page, to show that they have checked over the work done. If at any time you have difficulty regarding your child's homework, the class teacher should be informed.

Developing the Young Workforce

Developing the Young Workforce [Determined to Succeed] is our strategy to develop the business and employability skills in young people.

It lies at the centre of curriculum for excellence and promotes a wide-range of opportunities for our children and young people aged 3-18 to become successful learners, confident individuals, responsible citizens and effective contributors.

The four main areas are:

- Enterprising learning and teaching
- Entrepreneurial learning
- Work-based vocational learning
- Career education

The themes are built around the main areas:

- Supporting the development of skills for life and skills for work
- Engaging employers
- Broadening the reach of the programme
- Embedding enterprise in the curriculum
- Building capacity
- Enhancing our international profile

Enterprising activities will be organised to reflect the age and interests of our pupils.

The range of activities can include:

- Links and partnerships with businesses, colleges, and schools abroad
- Fundraising events organised and run by pupils
- Fairtrade activities
- Joint school and community initiatives
- Work experience placements and speakers

Extra Curricular Activities

It is one of the general aims of the school to contribute towards the development of the whole person. Organised activities included outings to museums and art galleries, art displays, theatrical performances, religious events, inter-school sports are ongoing

throughout the school session.

A number of after school and lunchtime clubs are also organised by teaching staff and Active Schools staff throughout the school session. Parents are informed of activities that are available to each class as appropriate.

Parental Involvement

By law, schools have a duty to promote parents' involvement in their child's education and our school encourages parents to:

- be involved with their child's education and learning;
- be active participants in the life of the school; and
- express their views on school education generally and work in partnership with their child's schools.

Every parent who has a child attending our school is automatically a member of the Parent Forum. As a member of the Parent Forum, each parent can expect to:

- receive information about the school and its activities;
- hear about what partnership with parents means in our school;
- be invited to be involved in ways and times that suit you;
- identify issues you want the parent council to work on with the school;
- be asked your opinion by the parent council on issues relating to the school and the education it provides;
- work in partnership with staff; and
- enjoy taking part in the life of the school in whatever way possible.

The Parent Forum elects a smaller group of parents to form the Parent Council.

Parent Council

Parent Council members may be involved in:

- supporting the work of the school;
- gathering and representing parents' views to the head teacher, education authority and Education Scotland;
- promoting contact between the school, parents, pupils, and the local community;
- fundraising;
- organising events;
- reporting to the parent forum;
- being involved in the appointment of senior promoted staff; and
- providing a representative to the National Parent Forum of Scotland.

Parent council chairs can attend the Parent Council Liaison Group, which gives parent councils an opportunity to speak with elected members and senior managers from the Council about issues relating to education in Renfrewshire. These meetings take place four times a year and details are sent to Parent council chairs at the start of each new academic year.

For more information on parental involvement or to find out about parents as partners in their

child's learning, please contact the school or visit the Parentzone website at:

<https://education.gov.scot/parentzone>

<https://www.npfs.org.uk/>

Home School Links

The Home Link Service is one of the services that supports children and families in Renfrewshire. They are a multi-disciplinary team based in different areas across Renfrewshire and linked to school clusters.

The main aim of the service is to increase the educational attainment of children and young people. This is achieved by developing links between home and school to ensure pupils identified through the school's Extended Support Framework as facing issues at home or in school that are barriers to learning are offered additional support.

Support offered to pupils can be given individually or in a group setting. Parents are fully involved, with an initial home visit to discuss the referral and updates on progress reviewed and evaluated on a regular basis.

Support is also offered to pupils who are identified as anxious during times of change, such as moving from nursery to primary, primary to secondary and secondary to further education or employment. These can be stressful times for both pupils and parents and a Home Link Worker can support parents and the school to work together to ensure a smooth transition, and help children and young people learn how to cope with change.

Home Link is a non-statutory service and staff work in partnership with parents or carers, school staff and other agencies, including counselling and support services, health, social work and community learning and development, and other identified local voluntary and government agencies.

Pupil Council

In St. John Bosco Primary School, we provide a range of opportunities and support to help children share their ideas and ensure that their voices are heard. This ensures that they can each take responsibility for their own learning, successes and achievements. Each child in our school is a member of a pupil voice group which helps them to become responsible citizens, effective contributors, successful learners and confident individuals, contributing to our local and global community to bring about positive change and work towards all children (and adults) receiving their rights.

Community Links

The school maintains very close links with St. John Bosco Church Erskine and Our Lady of Lourdes Church Bishopton. We are active participants in both Erskine Day & Bishopton Day each year. We also have close ties with Erskine Community Council with one of their members sitting on our Parent Council. We also benefit from other agencies in the community, such as the Police and Health Services.

School Lets

The sale and/or consumption of alcohol on school premises is prohibited. No applications for occasional licences by the school, Parent Council or other party hiring or using the school premises should be made to allow for the sale of alcohol on school premises.

To apply to use school facilities, contact OneRen. Contact details are in the important contacts section at the end of this handbook.

Home School Community Links

Other Useful Information

Listening to learn - complaints, comments and suggestions

Renfrewshire Council encourages feedback on its services from parents and pupils as part of our overall commitment to giving the best possible service and to working in partnership. We are interested in feedback of all kinds, whether it be compliments, suggestions or complaints.

If you want to register a comment of any type about the school you can do this by writing, telephoning or making an appointment to see someone. All feedback is welcome and keeps us in touch.

If, in particular, you have a complaint about the school, please let us know. It is better that these things are shared openly and resolved fairly, rather than being allowed to damage the relationship between the family and the school. There will be no negative consequences from making a complaint and we will deal with the issue confidentially. If we have made a mistake, we will apologise quickly and clearly and try to put things right.

There are some things which you should be aware of when making a complaint:

- Complaints about the school should be made first to the head teacher
- It is helpful if you can give some details of the issue and ask for an early appointment to discuss it
- We want to resolve complaints as quickly as possible. You will get a decision on your complaint in five working days or less, unless there are exceptional circumstances. If it is going to take longer than five working days, we will let you know
- If you are not happy with the response to your complaint, you have the right to take it further. You can fill in a complaints form (available from the school or any council office), fill in the online form, write to us, email us at complaints@renfrewshire.gov.uk, or call us on 0300 300 0170. At this stage, we will carry out an in-depth investigation. We will acknowledge receipt of your complaint within three working days and give you a full response within twenty working days. If the investigation is going to take longer than this, we will contact you to discuss timescales
- If you are still unhappy after the further investigation and our reply, you can take the matter up with the Scottish Public Services Ombudsman. Our reply will include the contact details

- You should also note that you have the right to raise unresolved concerns with your local councillor, MSP or MP

Data Protection

Information on pupils, parents and guardians is stored on a secure computer system and may be used for teaching, registration, assessment and other administrative purposes. The information is protected by data protection laws, including the UK General Data Protection Regulation (UK GDPR) and the Data Protection Act 2018, and can only be shared or disclosed in accordance with those laws. To find out more about how your personal information is used, please consult the Council's general Privacy Policy, here: <https://www.renfrewshire.gov.uk/article/2201/Privacy-policy>

Pupils attending any type of school have a right of access to their own information by virtue of the Data Protection Act 2018. This is known as the right of subject access. When a child cannot act for themselves or the child gives permission, parents will be able to access this information on their behalf. The Pupils' Educational Records (Scotland) Regulations 2003 give parents and carers a specific right of access to their child's educational records. You can find out how to make a Subject Access Request or a request for Educational Records, by visiting the Council's Data Protection page, here: <https://www.renfrewshire.gov.uk/article/2059/Data-protection>

For specific data protection queries, please contact the school directly.

Information in Emergencies

We make every effort to maintain a full educational service, but on some occasions, circumstances arise which lead to disruption. Schools may be affected by severe weather, traffic and transport disruption, power failures or fuel shortages. In such cases, we will do all we can to let you know when we are closing and reopening the school or nursery.

We use a variety of methods to keep you updated in emergency situations including: e-mails, our schools digital newsletter, text messages, the school and council websites and Renfrewshire Council's social media channels (Facebook - renfrewshirecouncil and Twitter - @RenCouncilNews).

Further information may also be provided through letters, announcements in the local press, local radio, or notices in local shops, churches and community centres.

Please ensure we have the most up-to-date emergency contact information for your family and you are following the council's social media channels. You can sign up for the school's digital newsletter via www.renfrewshire.gov.uk/e-alerts.
