# OUR SCHOOL MOTTOS

Within the community we are known as SJB. We wanted to use this to reflect our values and ethos. We found it difficult to condense this into one motto so as a result we have a variety of mottos created by our children which we believe reflect the ethos of our learning community.

# OUR SCHOOL MOTTOS

**School Journey Begins** – this was chosen with particular reference to our primary one children who are at the beginning of this new chapter in their learning journey

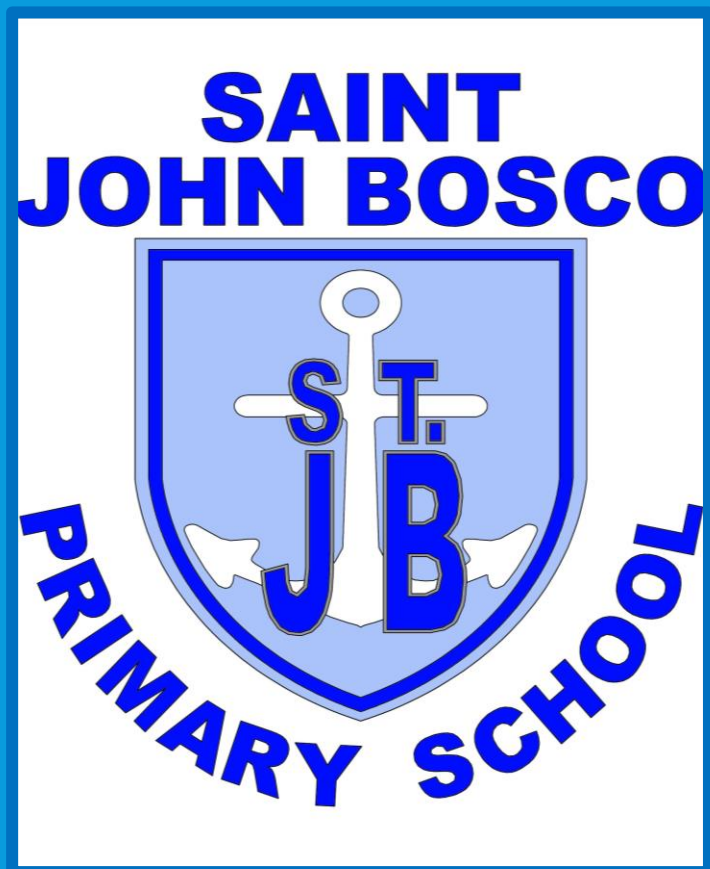

**Sharing Jesus Beliefs** – this was chosen to reflect the importance of our faith and how we put our values into action

**Safety Justice and excellent Behaviour** – this reflects our core values for our children

You will be met by members of the senior leadership team and you will have the opportunity to take photographs of your child in the playground before they go into their classroom.

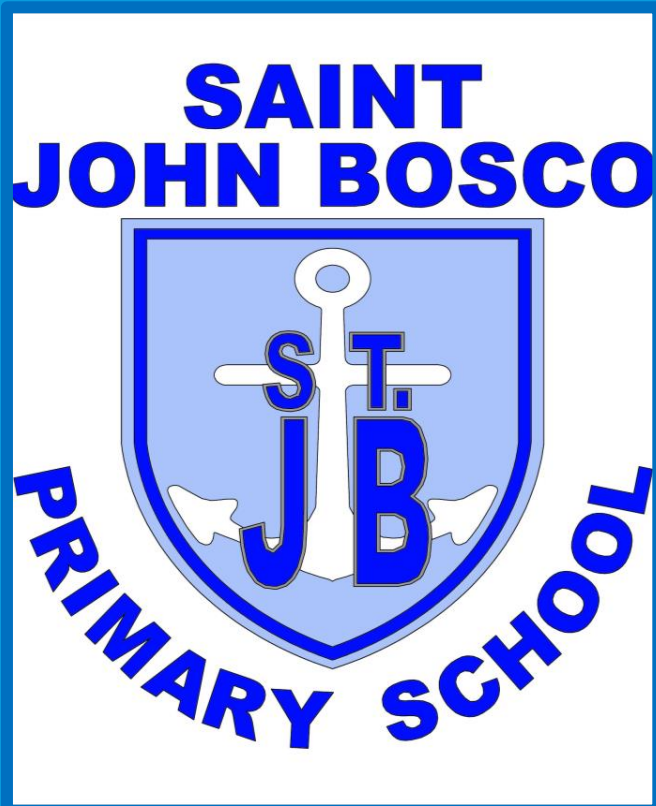

At 9.20am children will be directed to line up at their classroom door. Class teachers will take the children into the class to begin their first day at school.

Unless they are travelling home by school transport children should be collected from their classroom at the end of the school day.

Class teachers will dismiss children from the classroom at the end of the school day.

# THE END OF THE SCHOOL DAY

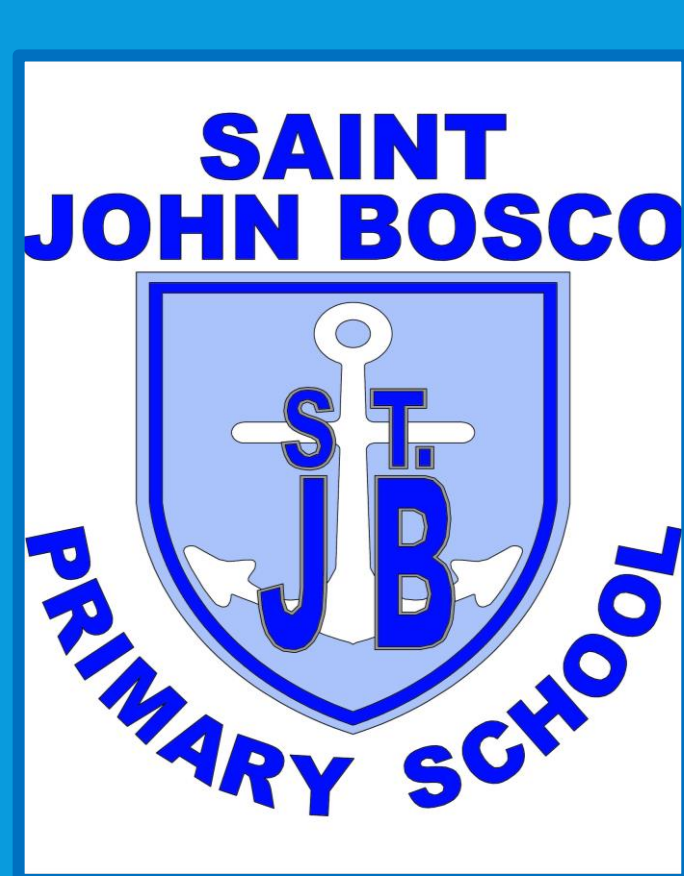

Your child's class teacher will not dismiss your child unless they know who is collecting them. Please ensure that you inform the class teacher if there is any change to collection arrangements.

If there is a change to your collection arrangements during the school day please contact the school office.

If we are unsure over any collection arrangements we will phone you to confirm these.

For children travelling by school transport please ensure that you inform the school of which days your child will be travelling by school transport.

# LEARNING IN PRIMARY ONE

We follow the primary one pedagogy, this is a method of teaching which is based around play.

Children will have a mix of play based learning activities, both inside and outside.

Children will also engage in focussed, adult led learning activities.

The day will begin with an active start where children have free choice learning activities. During this time children will also choose their lunch and check in with their class teacher.

At 9.25am the children will come together with their class teacher to say their morning prayer. Following this structured learning activities will begin.

# LITERACY IN PRIMARY ONE

Children will follow the Jolly Phonics programme to learn the individual phonic sounds.

Children will learn 2 new sounds each week.

Children will practice saying, recognising and writing these single sounds, as the progress children will then use these to blend CVC words.

From this children will begin to blend and read CVC words e.g. sat

We use the Big Cat reading scheme. Early reading books do not have words, instead parents are encouraged to look at these books with their children and talk about the pictures.

Children are encouraged to develop their fine motor skills in a variety of ways from writing, to mark making in sand, forming letters with play doh.

# NUMERACY IN PRIMARY ONE

Children will learn Stages of Early Arithmetical Learning (SEAL).

Children will learn to work within numbers 0-20

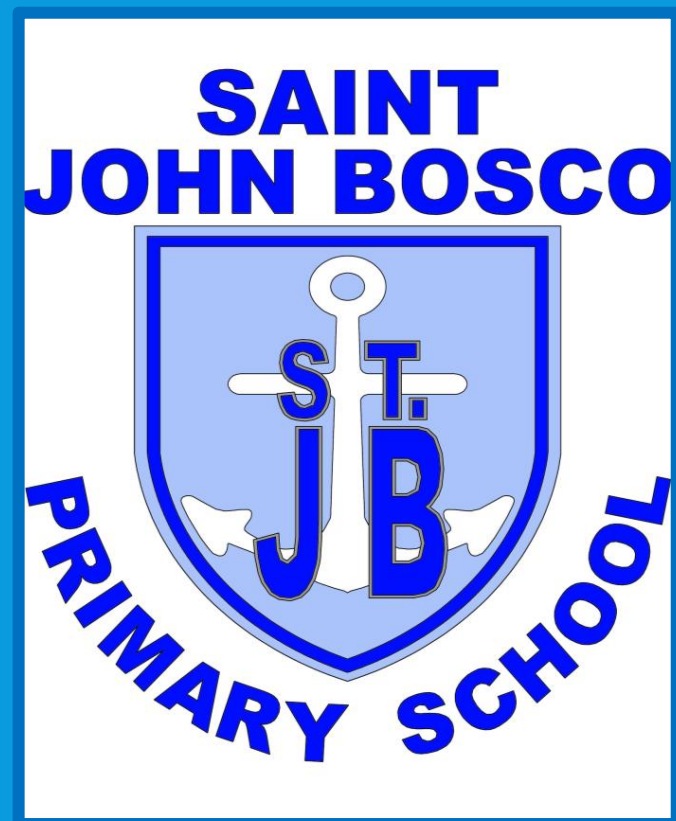

Children will initially learn place value, the order of numbers and the value of each individual number.

Children will then move onto learning 'number stories', this is the beginning of learning to add & subtract numbers.

Children will also learn about shape, position and movement, data handling and information handling.

We use Heinemann numeracy learning resources.

# HOMEWORK IN PRIMARY ONE

Homework will be set weekly.

This allows for flexibility across the week. We recommend that children complete some homework tasks each night rather than completing all homework tasks in one session.

Homework will be shared via your child's homework diary and on the primary one google classroom. Some resources will be shared electronically so it is important that you remember to log into google classroom regularly.

Your child should bring homework into school in their homework bag. Homework bags can be purchased from Schoolwear Made Easy.

# BREAK TIME

Breaktime for primary one children is from 10.30am – 10.45am.

You should provide your child with a healthy snack and a drink of water for break time.

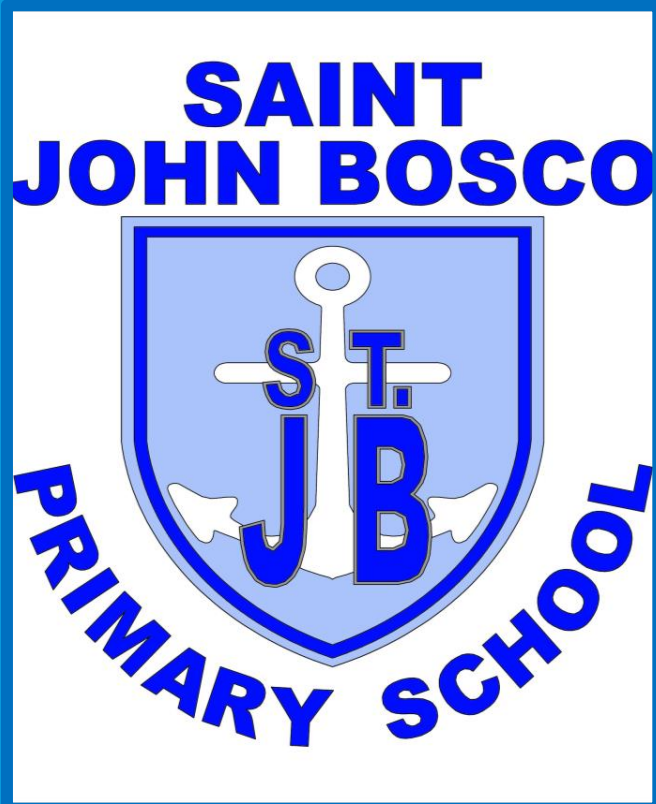

We are a nut free school. Please ensure that your child does not bring any nut products or products containing nuts into school.

Children will be supervised by adults in the playground at breaktime.

If your child has a trip or fall a minor incident slip will be completed and sent home. If your child has a bump to the head the school office will phone you.

# LUNCHTIME

All children in primaries 1 – 5 are entitled to free school meals.

Children can choose to have a school lunch or to bring a packed lunch from home.

The school lunch menu will be sent home to parents at the beginning of the school session. If your child has any allergies or food intolerances please inform the school.

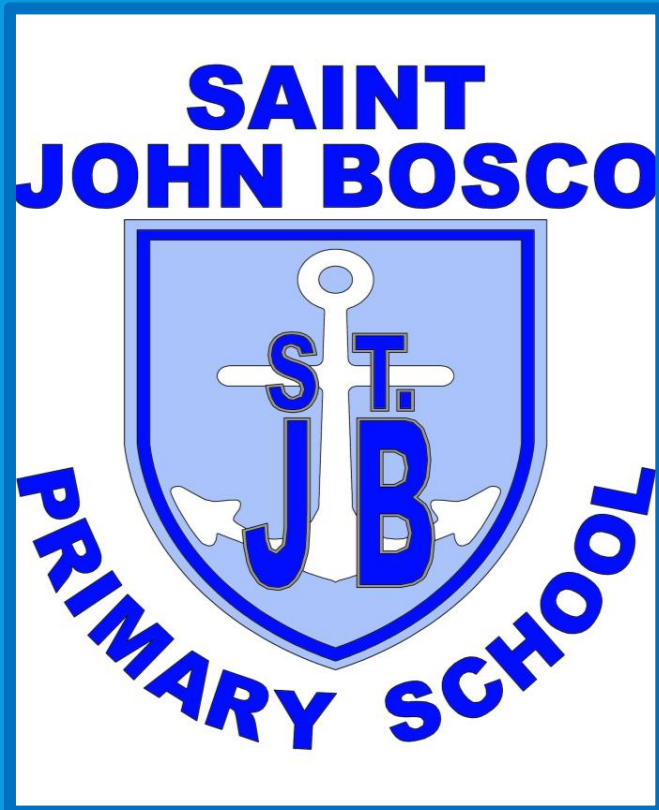

Children choose their lunch option on the Promethean board in class each morning.

Children eat lunch in the lunch hall. Staff are in the lunch hall each day to support the children and ensure that they eat their lunch.

After children have eaten their lunch they will go out to play.
